No Law And Order:

Law and Order in Canadian Democracy, a Series of 20 Lectures on Crime and Police Work in Canada Royal Canadian Mounted Police, 1949 The Tyranny of Political Ignorance Winston Sheekel Marsh, 2020-12-01 The Tyranny of Political Ignorance highlights cracks in the United States democratic armor beginning with the Constitution's legalization of slavery and continuing through to the Trump presidency President Trump who may be the most politically ignorant individual to hold this high office has disrupted international agreements and dismantled his predecessor's accomplishments The coronavirus pandemic and the Black Lives Matter protests have further exposed Trump's shortcomings as a leader Future generations may observe these two cataclysmic events as blessings as they revealed Trump's inability to lead and focused a bright light on the nation's social and economic disparities The author hopes that his analysis will draw attention to the nation's inequalities that have inhibited the United States progress toward the goals set forth in the Declaration of Independence and the Fourteenth Amendment of the Constitution Join the author as he explores the flaws in the United States democracy and advocates reform that will require the president and all members of Congress to demonstrate nationally approved levels of competence before they can hold office this democracy **Inside India** Praveen Kumar, 2017-01-27 The story in Inside India is by an insider insider in India as well as in Indian bureaucracy for more than thirty one years at a senior position This volume is a first hand account of the observations impressions and experiences of the author as an insider Naturally most illustrations in this volume are from Karnataka police where the author served as a senior police officer for nearly three decades However this makes no difference to the over all picture of India as situation is not much different elsewhere In spite of well known notorieties of the like Nizamuddin Chopra and of similar ilk in Karnataka police situation is better there than some of the more notorious state police organizations of India Their core weakness there lies in sweepingly conforming to the rotten system and bad culture against conscience to cover own tracks It is mere cowardice of mediocrity and gross selfish interests of ignobility and nothing more Yet no way can Karnataka police be called as an efficient healthy and responsible bureaucratic setup yet Faithful assessment must precede reconstruction This volume is an effort in this direction Complacency leads to stagnation and is a dangerous indulgence in a rotting situation like India's This volume is intended to breach the vicious indulgence involved and inspire India to its rich potentialities on the way to much dreamed of world leadership India is a civilization of diversities and a culture of contradictions India's is an inclusive way of life Along its long history it saw umpteen falls and rises without losing its innate vitality and always rose from worst quagmires unscathed This resilience of India underscores its unique heritage spawned by its thoughts and philosophies that perhaps are nearest to the true nature of the universe that the scientific world of today is engaged in to probe discover and formulate as the Grand Unification Theory GUT This is the secret of the eternal strength of India This resilience of India gives hope The present fall is not forever Time of revival shall come India shall see a better system replace the present corrupt and incompetent UPSC

and a healthy administrative system replace the extant inefficient and rogue bureaucracy This volume Inside India is a small attempt towards this beginning

O'Brien,2010-09-16 The First Amendment declares that Congress shall make no law abridging the freedom of speech or of the press Yet in the following two hundred years Congress and the states have sought repeatedly to curb these freedoms The Supreme Court of the United States in turn gradually expanded First Amendment protection for freedom of expression but also defined certain categories of expression_obscenity defamation commercial speech and fighting words or disruptive expression as constitutionally unprotected From the Alien and Sedition Act of 1798 to the most recent cases to come before the Supreme Court noted legal scholar David M O Brien provides the first comprehensive examination of these exceptions to the absolute command of the First Amendment providing a history of each category of unprotected speech and putting into bold relief the larger questions of what kinds of expression should and should not receive First Amendment protection O Brien provides readers interested in civil liberties constitutional history and law and the U S Supreme Court a treasure trove of information and ideas about how to think about the First Amendment
