Make a 3-D Model Noah's Ark Eric Johns, 1994      **Art Shaped** Darrell Wakelam, 2023-02-28 The ultimate collection of sustainable 3D art projects for the primary classroom Learn how to teach children to create everything from rainforest scenes to robots with these innovative easy to follow ideas from 3D art expert Darrell Wakelam These low cost projects use readily available materials to create exciting models masks and sculptures which will inspire children and enhance your art and design lessons Each of the 50 projects in Art Shaped features simple core techniques to transform cardboard into incredible artwork full colour photographs and clear step by step instructions ideas for differentiation for all ages and abilities detailed suggestions for links to other subject areas across the curriculum This book enables you to develop children's techniques and skills through high quality eco friendly art projects while encouraging them to be creative use their imagination and most importantly have fun What Darrell Wakelam doesn't know about art and 3D sculptures isn't really worth knowing A must have Dena Mulligan EYFS Key Stage 1 Lead      *Experiencing the Torah* Joel Lurie Grishaver, 2011 This book teaches using the Torah of doing It starts with age appropriate translations of the actual biblical text that are presented as scripts Rather than just reading the text students perform it Reading the text out loud is the first movement in interpretation In twenty three texts students go from Adam and Eve to the Death of Moses The Holiness Code the Burning Bush the Spies and Mah Tovv stops on this journey      **Noah's Arkive** Jeffrey J. Cohen, Julian Yates, 2023-06-13 A timely rethinking of the archetypal story of Noah the great flood and who was left behind as the waters rose Most people know the story of Noah from a children's bible or a play set with a colorful ship bearded Noah pairs of animals and an uncomplicated vision of survival Noah's ark however will forever be haunted by what it leaves to the rising waters so that the world can begin again In Noah's Arkive Jeffrey J Cohen and Julian Yates examine the long history of imagining endurance against climate catastrophe as well as alternative ways of creating refuge They trace how the elements of the flood narrative were elaborated in medieval and early modern art text and music and now shape writing and thinking during the current age of anthropogenic climate change Arguing that the biblical ark may well be the worst possible exemplar of human behavior the chapters draw on a range of sources from the Epic of Gilgamesh and Ovid's tale of Deucalion and Pyrrha to speculative fiction climate fiction and stories and art dwelling with environmental catastrophe Noah's Arkive uncovers the startling afterlife of the Genesis narrative written from the perspective of Noah's wife and family the animals on the ark and those excluded and so left behind to die This book of recovered stories speaks eloquently to the ethical and political burdens of living through the Anthropocene Following a climate change narrative across the millennia Noah's Arkive surveys the long history of dwelling with the consequences of choosing only a few to survive in order to start the world over It is an intriguing meditation on how the story of the ark can frame how we think about environmental catastrophe and refuge conservation and exclusion offering hope for a better future by heeding what we know from the past      *Geography in the Early Years* Joanna

Birch, Joy Palmer, 2002-11-01 Combining concise summaries of the latest research with transcripts of classroom conversation case studies and suggestions for the development and implementation of sound geographical work in practice *Geography in the Early Years* presents guidance on planning and organization assessment and record keeping in the formation of whole school policy in service professional development There is particular attention devoted to the relations between geography and environmental education and the practical examples throughout the book take account of teaching and learning across the whole spectrum of geography and environmental geography The final section provides a brief guide to resources available to the teacher including story books and computer programmes

**Improve your Primary School Through Drama** Rachel Dickinson, Jonathan Neelands, 2012-11-12 Using drama right across the curriculum to improve and invigorate teaching and learning this book provides whole school and individual class approaches underpinned by sound theory and implemented in a real primary school Explanations and examples are given in a clear and accessible style and links are made to The National Strategy The book illustrates a wide range of strategies that show how drama can help with behavior inclusion and multicultural issues improving the whole school ethos involving parents and governors This user friendly and comprehensive text is the perfect support tool for teachers and managers ready to improve their school regardless of whether they are approaching drama for the first time or are already passionate about it
