*Modern Japanese Organization and Decision-Making* Ezra F. Vogel, 2022-04-29 This book constitutes the first attempt of its kind to probe the major features of modern Japanese organization that have played such a critical role in Japan s extraordinarily rapid economic development The contributors include prominent academic business consultants such as Peter Drucker of the United States and Kazuo Noda of Japan Japanese government officials such as Yoshihisa Ojimi former Administrative Vice Minister of the Ministry of International Trade and Industry and Taishiro Shirai a member of the Central Labor Relations Commission as well as outstanding Western experts on modern Japanese organization The essays deal not only with Japanese government and business but also with the structures of a newspaper and a university and with the role of Japanese intellectuals in modern organization The portrait of Japanese organization that emerges is much more dynamic and volatile than has been generally supposed One finds business and government managers creatively using so called traditional practices in novel ways and undertaking bold departures to achieve new purposes The findings contradict the view that

decision stem from below Not only do executives have an important role in initiating action but lower level officials function within a context defined by their superiors Far greater tensions and conflict exist within organizations than is commonly reported by outsiders especially in institutions like the university where conflicts often paralyze the decision making process Similarly there is far greater divergence of interest among different sectors of society than one might infer from the stereotypical view of Japan Inc And since the high level of consensus supporting the fundamental commitment to economic growth is now weakening increasing divergence may be anticipated in the future This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1975 Modern Japan Elise K. Tipton,2002 Ranging from the Tokugawa period to the present day this text provides a concise and fascinating introduction to the social cultural and political history of modern Japan Tipton covers political and economic developments and shows how they relate to social themes and developments Her survey covers traditional political history as well as areas growing in interest gender issues labor conditions and ethnic minorities *The Politics of Japanese Defense* Joseph P. Keddell,2016-09-16 The ruling Liberal Democratic Party of Japan uses incremental changes to manage conflicting pressures over defence This work focuses on the establishment of defence policy constraints through 1992 It discusses the various implications of using defence policy as a means of conflict management Organized Workers and Socialist Politics in Interwar Japan Stephen S. Large,2010 *The Working Forces in Japanese Politics* Uichi Iwasaki,1921 **Modern and Contemporary European History (1815-1928)** Jacob Salwyn Schapiro,1929 **Banking in Japan: Japanese banking in the high-growth era, 1952-1973** William M. Tsutsui,1999 *Japan Quarterly* ,1998 **Understanding Modern Japan** P W Preston,2000-03-25 Understanding Modern Japan takes the reader from pre modern times to the development of Japan within Pacific Asia and the wider global system and finally to the current economic crisis in the region **The Politics of Modern Japan: Elections and changes in modern Japanese society** Christopher Philip Hood,2008 Owing to the changing nature of Japan and its role within the world more needs to be known of the dynamics of Japanese politics This timely set brings together key articles on the most crucial issues facing Japanese politics today and the relationship between Japanese politics and the main institutions including big business the bureaucracy and the media This is an area that has been studied by leading academics for a number of decades but whose work has yet to be given sufficient notice or credit With more and more students enrolling at universities to study Japan there is a demand for books which bring comprehensive and key articles under one umbrella To date there have been few books which have dealt with Japanese politics Most have been on issues which are covered in articles contained in this collection **The Calendar** University of Calcutta,1926
