Unless an invasion threatens the globe from outer space, there is little likelihood that anything similar to the proposals made by Messrs. Clark and Sohn will be seriously discussed by governments within years to come. But the future is unpredictable. We should be proud that some of our fellow citizens are not afraid to formulate and express in a comprehensive way their bold thinking about a future world order, however unrealistic it may sound to many of us. The Supplement to the *Repertoire* covers the meetings of the Security Council from 1951 to December 1955, and follows the same method. Volumes II-V of the *Repertory* cover Articles 23-111 of the UN Charter. A separate volume with complete table of contents and analytical subject index to Volumes I-V greatly facilitates the use of the *Repertory*.

In modern history, surrenders have usually been tactical; the defeated were not asked to give up their total fighting force and subject themselves entirely to the will of the victor. “Unconditional surrender,” of course, reverses this trend. The formula originated with the Civil War and, after the Casablanca Conference, it became the official war aim of the Allies in the Second World War.

The slogan—it was more than a policy—was popular, but Kecskemeti finds it somewhat less than fruitful of positive results. When the enemy surrenders unconditionally, he does not disappear; relations with him have to continue, and the question is whether “unconditional surrender” constitutes the best method for establishing a relationship with him which is desirable from the victor’s point of
