**The End of The Modern World** Romano Guardini, 2024-02-13 Two monumental works on the nature of the modern age by Romano Guardini one of the most important Catholic figures of the 20th century This expanded edition of *The End of the Modern World A Search for Orientation* includes its sequel *Power and Responsibility A Course of Action for the New Age* In both Guardini analyzes modern man's conception of himself in the world and examines the nature and use of power It is the principle of individual responsibility that weaves both works into a seamless comprehensive and compelling moral statement Guardini tirelessly argues that human beings are responsible moral agents possessed of free will and answerable to God and their fellow man

On *The End of the Modern World* This book will cauterize the spirit of any man who reads it it will burn away that sentimentality with which so many today view the advent of the new order imagining as they do that a fully technologized universe can retain every significant cultural and traditional value sustained by the past

Frederick D Wilhelmsen founding editor of *Triumph* magazine and professor at the University of Dallas On *Power and Responsibility* If the characteristic of Hellenic civilization is to be summed up in the word *logos* the characteristic of our own is more exactly summed up in the word *power* The fact itself is a challenge to the wisdom of man One is grateful that Romano Guardini has taken up the challenge I highly recommend the book to all who are wise enough to know today's need to wisdom That is I recommend the book to every thoughtful mind
