story referred to by name The four are survivors of a shipwreck which occurred before the beginning of the story and are drifting at sea in a small dinghy In the following four sections the moods of the men fluctuate from anger at their desperate situation to a growing empathy for one another and the sudden realization that nature is indifferent to their fates The men become fatigued and bicker with one another nevertheless the oiler and the correspondent take turns rowing toward shore while the cook bails water to keep the boat afloat When they see a lighthouse on the horizon their hope is tempered with the realization of the danger of trying to reach it Their hopes dwindle further when after seeing a man waving from shore and what may or may not be another boat they fail to make contact The correspondent and the oiler continue to take turns rowing while the others sleep fitfully during the night The correspondent then notices a shark swimming near the boat but he does not seem to be bothered by it as one would expect In the penultimate chapter the correspondent wearily recalls a verse from the poem Bingen on the Rhine by Caroline Norton in which a soldier of the Legion dies far from home The final chapter begins with the men s resolution to abandon the floundering dinghy they have occupied for thirty hours and to swim ashore

Florida Studies
Claudia Slate, 2009-03-26 Florida was the first region of the United States to be discovered explored and after a fashion settled by Euroamericans Its population in the early 21st century is approaching 17 million Within years the number of people living in the state will surpass those living in New York and the Sunshine State will become the most populous area east of the Mississippi The first book in English about Florida was written by Jean Ribault A French adventurer Ribault established a colony of Huguenots near present day Jacksonville He was captured by the very able Spanish commander Pedro Menendez who ordered his French rival and all his minions killed The state's long and colorful past is matched by its equally long and colorful literary production Strangely critical assessment of Florida literature has lagged far behind With this volume the Florida College English Association has formally begun an effort to correct this lamentable oversight Included are papers on every aspect of Florida literature and history by scholars from every part of the state who are employed in every kind of institution of higher learning Of special interest are the studies of Florida literature in the 19th century and in the late 20th and early 21st centuries areas that are generally ignored in national journals The papers on the contributions of African American literary figures such as Zora Hurston and James Weldon Johnson are noteworthy Of particular interest are the suggestions for teaching Florida studies in the classroom which can be adapted for high school as well as college students
