*Patron-client State Relationships* Christopher C. Shoemaker, John W. Spanier, 1984 *Theories and Approaches to International Politics* Patrick M. Morgan, 1987 [The Evolution of the South Korea-United States Alliance](#) Uk Heo, Terence Roehrig, 2018-09-27 In contrast to previous studies of the South Korea United States alliance Uk Heo and Terence Roehrig analyze the bigger picture including the history economics security alliance structure politics and the future of the alliance Taking alliance theory as a starting point the authors argue that the alliance provides an ideal case study to examine how the political development and economic growth of junior partners impact an alliance As South Korea s capabilities and ambitions have grown the alliance has evolved from an asymmetric regional security relationship to an economic partnership with global interests while China s rise and North Korea s nuclear development mean that South Korea remains of strategic importance for American interests in East Asia This book will be read both as a major contribution to Korean studies and the study of alliance politics and theory [Role Compatibility as Socialization](#) Dorothee Vandamme, 2022-03-10 In *Role Compatibility as Socialization* Dorothee Vandamme examines Pakistan s socialization process in terms of role compatibility in the 2008-2018 period Adopting an Interpretative phenomenological analysis IPA method of analysis Vandamme builds on role theory to develop a theory of socialization as role compatibility to explain the dynamics of Pakistan s dysfunctioning position and its status seeking process as a fully functioning member of the international system Specifically she focuses on how Pakistani civilian and military leaders define their country s positioning towards India the United States and China In doing so she traces the link between domestic role contestation at the country s inception and the resulting domination of the military s conception of their country state identity how it projects itself externally and how it is received by others Departing from strictly structural or agent oriented explanations Vandamme expertly demonstrates Pakistan s perceived role compatibility with significant others and underlines the causality between state identity foreign policy behavior and socialization *Role Compatibility as Socialization* will be of interest to graduate students and researchers who work on and with role theory and socialization theory and for those with a research interest on South Asia [Egyptian Foreign Policy From Mubarak to Morsi](#) Nael Shama, 2013-10-30 *Egyptian Foreign Policy from Mubarak to Morsi* explores an area rarely touched upon by researchers the relationship between regime security and the national interest Concentrating on Egyptian foreign policy under President Hosni Mubarak this book analyses how it was used to bolster his internal hold on power In considering Egyptian foreign policy two central case studies are examined Firstly Egypt s reluctance to re establish diplomatic ties with Iran and secondly Egypt s response to the efforts of the Bush administration in promoting political reform in the Middle East When examining these case studies the impact of different societal factors on decision making is taken into consideration highlighting the role of business groups and the security apparatus in foreign policy decision making Concluding with a discussion of Egypt s foreign policy in the first year of Mohamed Morsi s rule and arguing that it has

Crawford, 2003 Crawford explains the political dynamics of pivotal deterrence and the conditions under which it is likely to succeed while examining some of its most impressive feats and failures German Chancellor Otto von Bismarck's agile approach to the 1870s Eastern Crisis which prevented war between Russia and Austria-Hungary is contrasted with Britain's ambiguous and ill-fated maneuvers to deter Germany and France in July 1914 Shifting to the 1960s Cold War Crawford explores the successes and setbacks in U.S. efforts to prevent NATO allies Greece and Turkey from fighting over Cyprus and to defuse the Kashmir conflict between India and Pakistan

**Arms Control and Disarmament, Defense and Military, International Security, and Peace** Stephen E. Atkins, 1989 State, 1985 **Management of Third World Crises in Adverse Partnership** Imtiaz H. Bokhari, 1997 Imtiaz Bokhari details the world response to three regional conflicts the 1973 Arab-Israeli war the 1971 Indo-Pak crisis and the Iran-Iraq war and analyzes the dynamics of the concomitant international crisis management There exists a greater need for crisis management the author argues in a international system in which the disintegration of the old superpower competition and restraints has changed the rules of the game to the apparent advantage of the stronger regional powers

*U.S. Arms Transfers and Global Hegemony* Chong-ch'öl Ch'oe, Jong Chul Choi, 1992 *U.S. Foreign Policy and the Shah* Mark J. Gasiorowski, 1991 Mark Gasiorowski here examines the client relationship that existed between the United States and Iran during the reign of the late Shah Mohammad Reza Pahlavi and assesses the effects of this relationship on Iran's domestic politics Gasiorowski argues that by bolstering the Shah's repressive regime in the 1950s and early 1960s the U.S. Iran client relationship indirectly helped bring about the Iranian revolution

*Conflicts and Conflict Resolution in Middle*

*Eastern Societies* Hans-Jörg Albrecht, 2006 The historical and cultural richness of the Middle Eastern societies and the role of the state in the countries of the region provide a unique basis to understand the variety of means to address violent conflicts in different societies with a common basis Against this backdrop the leading question addressed in the contributions to this book concerns what is the best suited response to violent conflicts The question implies that there exist alternative ways of dealing with violent conflicts And posing this question there follow immediately other questions best in terms of what and best for whom the offender the victim the public or all of them The responses are related to basic concepts of punishment retaliation and mediation that have evidently been developed everywhere although content and meaning differ Within this context the book provides an overview on structural factors settings and the phenomenology of violent conflicts in fourteen countries of the Middle East and an insight into the variety of types of traditional and modern conflict resolution applied largely in parallel in the region from different perspectives of social legal and political sciences **The Nuclear Present** Grant Burns, 1992 thorough and complete well written annotations recommended to libraries at all levels CHOICE An exceptionally thorough guide JOURNAL OF AMERICAN HISTORY Israel, the Superpowers, and the War in the Middle East Yaacov Bar-Siman-Tov, 1987 *The U.S.-South Korean Alliance, 1961-1988* Jong-Sup Lee, Uk Heo, 2002 In this study Lee and Heo confront the conventional wisdom about burden sharing in military alliances through a detailed and extensive examination of the USA Korean military pact Domestic politics as much as international concerns emerge as the key factors that define the context within which the USA and Korea negotiated the level of Korea's contribution to the alliance *Great Britain, the United States, and the Security of the Middle East* Magnus Persson, 1998 Examines the at once competitive and cooperative nature of Anglo American relations in the 1953 to 1955 formation of the multinational security organization known as the Baghdad pact which was designed to keep Soviet influence out of the Middle East The author argues that policy disagreements over such issues as the treatment of Iraq in contrast to the two countries shared view of the necessity of a containment policy against the Soviet Union are typical of the paradoxical nature of the relationship between the US and Britain a relationship which nevertheless is primarily characterized by collaboration Annotation copyrighted by Book News Inc Portland OR **Unequal Partners** Kyudok Hong, 1991 **The Superpowers And The Middle East** Fawaz A. Gerges, 1994-11-13 This is an excellent first book by a young Lebanese scholar He brings analytical sophistication and detailed knowledge of a wide variety of sources to bear on a crucial period when the Cold War was being fought out in the Middle East He is quick to note that neither the United States nor the Soviet Union was particularly successful in exerting its influence in the region In addition the local powers quickly learned to exploit the superpower rivalry He also vividly conveys how the Israeli challenge exacerbated inter Arab relations Finally relying on Arabic sources he gives a glimpse into the internal decision making of Egypt and other Arab states noting that they often overestimated their importance to outside powers This well researched and objective study is a welcome addition to serious history written by Middle East scholars
