Laughlin,1990 *Commerce Reports* ,1914 *Reconceptualizing International Investment Law from the Global South* Fabio Morosini,Michelle Rattou Sanchez Badin,2017-10-26 This book shows how the current reform in investment regulation is part of a broader attempt to transform the international economic order Countries in the North and South are currently rethinking how economic order should be constituted in order to advance their national interests and preferred economic orientation While some countries in the North seek to create alternative institutional spaces in order to promote neoliberal policies more effectively some countries in the South are increasingly skeptical of this version of economic order and are experimenting with alternative versions of legal ordering that do not always sit well with mainstream versions promoted by the North While we recognize that there are differences in approaches to the investment regimes proposed by countries in the South we identify commonalities that could function as the founding pillars of an alternative economic order **Accountants' Index** ,1921 *The Dial* ,1907 **Urban Australia, Living in the Next Decade** ,1984 ... *Description of Bracebridge Wilson Collection of Victorian Chitons* Edwin Ashby,1921 *Magic and Religion* Andrew Lang,1901 **The principles of trouser cutting, as illustrated by ten essays, in a competition for a prize of ten pounds** Principles,1889 **Lone parents, employment and social policy** Millar, Jane,Rowlingson, Karen,2001-11-07 Policy makers across the world are confronting issues relating to lone parents and employment with many governments seeking to increase the participation of lone parents in the labour market This book is based on an up to date analysis of provisions within particular countries examining whether and how policies support and encourage employment and drawing out policy lessons The countries examined are the UK USA Australia France the Netherlands and Norway Unlike other studies which have considered this issue this book includes both country specific chapters and makes thematic comparisons across countries Chapters are written by leading experts on lone parenthood in each country Lone parents employment and
