Poor Things:

Poor Things Alasdair Gray, 2001 One of Alasdair Gray's most brilliant creations *Poor Things* is a postmodern revision of Frankenstein that replaces the traditional monster with Bella Baxter a beautiful young erotomaniac brought back to life with the brain of an infant Godwin Baxter's scientific ambition to create the perfect companion is realized when he finds the drowned body of Bella but his dream is thwarted by Dr Archibald McCandless's jealous love for Baxter's creation The hilarious tale of love and scandal that ensues would be the whole story in the hands of a lesser author which in fact it is for this account is actually written by Dr McCandless For Gray though this is only half the story after which Bella aka Victoria McCandless has her own say in the matter Satirizing the classic Victorian novel *Poor Things* is a hilarious political allegory and a thought provoking duel between the desires of men and the independence of women from one of Scotland's most accomplished authors *The Teacher's Manual for Infant Schools and Preparatory Classes* Thomas Urry Young, 1852

Make / Believe John Hartley, 2025-01-23 This book illustrates that mediated popular culture and science based knowledge systems entangled and compromised as both have become are still a robust crucible for system change for the future when they combine forces Planetary crises require responses from everyone This means that collective action is not simply a scientific or political problem It is a problem of culture and media But modern politics journalism and science were not designed for global climate action They've divided humans into competitive and often hostile we and they groups Identity news and knowledge are all weaponized Culture makes groups groups make knowledge and knowledge makes enemies What can be done to prevent global conflict and the drift to war *Make Believe* turns to popular culture and social media to argue for an alternative storyline While the Great Powers are making new enemies emergent classes led by children are using planetary connectivity to make new worlds A digital planet generates new kinds of strategic stories for pan human action based on difference intersectionality and cooperation for a sustainable Earth system *Make Believe* shows how alternatives to the Great Game of global contestation are gathering strength in unlikely places among women children lifestyle and pop culture Popular digital media literacy is now a prerequisite for the remediation of the planet Bandwidths David LaRocca, 2025-01-23 Distinguished literary and film theorists convene to engage with Garrett Stewart's twenty books of intermedial analysis shelved across several disciplines in a collection of essays as multifaceted and resonant as Stewart's own writing Critical luminaries from the fields of literary and film studies assess the methods and scope of Garrett Stewart's career long work across the fields of literary history and poetics cinema and media studies The unprecedented scope of Stewart's interests also embraces certain lines of development in art history down through the so called post medium condition including abstract as well as figurative painting conceptual book sculpture followed by an interactive e text monograph on the place of time based images in contemporary gallery installation Through it all under the rubric of what Stewart calls narratography there is a continual return to microplots of fictional phrasing from Victorian novels to post

millennial American fiction Given Stewart s steadily tuned ear for the play of vocal enunciation his interests arc in this way from a performative phonetics of print text to a study of star singing on screen Assorted essays variously analyze directly or extrapolate from Stewart s evolving methodology a signature analytic intensity tested in its yield on interpretive challenges from literary prose and art history through cinema theory and screen stardom Bandwidths accompanies a companion volume Attention Spans Stewart s autobiographical or better autophilosophical chronicle of method and evolution Contributors to Bandwidths either address Stewart s aims and achievements directly or build implicitly on them in fresh investigations of their own Bandwidths is a rare window into the genealogy and contested energies of interpretive endeavor and offers interpretive and methodological interventions into fields ready to be reminded and recharged by Stewart s stalwart catalogue of indefatigable literary critical and intermedial offerings

Tales Juliana Horatia Ewing,1927 *The Child's own singing book, or old songs for young singers* Maria Hutchins Callcott,1843 *Manford's Magazine* ,1890 Shirley Charlotte Brontë,1893 Memorable floods in the Highlands during the nineteenth century. With some accounts of the great frost of 1895 David Nairne (of Inverness.),1895 **The Works of John Ruskin** John Ruskin,1909 *The Old, Old Story* Rosa Nouchette Carey,1894 *The Negro in Business* Booker T. Washington,1907 *Annual report of the Department of Health of the State of New Jersey. 1886-87* ,1887 *St. Andrew's Cross* ,1909 **Letters of a Canadian Stretcher Bearer** R. A. L.,1918 **The Moonstone** Wilkie Collins,1874 **Everybody's Magazine** ,1905 *Everyland* ,1919 **A Midsummer Madness** Ellen Olney Kirk,1884 **Talks with men, women and children** David Davies,1892
