Medicine Line:

Arc of the Medicine Line Tony Rees,2007-01-01 Today the borderland between Canada and the United States is a wide empty sweep of wheat fields and pasture measured by a grid of gravel roads that sees little traffic and few people who do not make their lives there It has been much this way for more than a century now but there was a moment when the great silence shrouding this place was broken and that moment changed it forever Arc of the Medicine Line is a compelling narrative of that moment the completion of the official border between the United States and Canada in 1874 In late July of 1874 the Sweetgrass Hills sheltered the greatest accumulation of scientists teamsters scouts cooks and soldiers to be seen in this part of the world before the coming of the railways The men of the boundary commissions American British and Canadian established an astronomical station and the last of their supply depots as they prepared to draw the Medicine Line across the final hundred of the nearly nine hundred miles between Manitoba s Lake of the Woods and the Continental Divide In the brief weeks the surveyors and soldiers spent in Milk River country they witnessed and played a singular part in the beginning of the end for the open West That hot dry summer of 1874 marked the outside world s final assault on this last frontier

Behind Our Backs Amy De'Ath,2026-02-17 In this daring study Amy De Ath develops a new type of literary criticism attuned to the way our lives are shaped by capital s impersonal compulsions by what happens behind our backs Challenging the symptomatic interpretive methods of Western Marxism De Ath argues that value critical accounts of Marx s work enable a feminist reading method that understands how value dissimulates itself from the social forms it generates obscuring their historical content Close reading works by Kay Gabriel Bernadette Mayer Bhanu Kapil Marie Annharte Baker Alli Warren and Hannah Black Behind Our Backs explains how these examples of feminized ingenuity reveal capital to be the expression of a social relation that must take form an abstract logic realized every day and one whose gendering inversions are felt and critiqued in the poetic experiments of trans queer Indigenous and diasporic writing Feminized poetry De Ath demonstrates is both a central archive and theoretical powerhouse for the critique of capitalist political economy
