Medieval Costume:

Medieval Costume and How to Recreate It Dorothy Hartley, Francis Michael Kelly, 2003-12-02 This unique reference classifies the clothes and accessories of the 12th through the 15th centuries along social lines. Garments of every type from the wardrobes of peasants and nobility appear in over 200 period illustrations and patterns. Helpful advice covers choosing fabrics, placement of seams, draping and folding garments. More than 203 black and white illustrations. **Medieval Dress & Fashion** Margaret Scott, 2009 This volume focuses on dress as it is depicted in the illuminated manuscript and discusses the advantages and disadvantages of illuminations as source material as well as indicating how dress would have been understood by the manuscripts' original owners. *Renaissance and Medieval Costume* Camille Bonnard, 2012-09-21 This illustrated study displays a detailed gallery of costumes worn in the 11th through the 15th centuries. The 120 full color plates exhibit apparel worn by nobility, knights, soldiers, the bourgeois, ecclesiastics, and citizens of all classes. **Medieval Costume, Armour and Weapons** Eduard Wagner, Zoroslava Drobna, Jan Durdik, 2000-11-20 Over 400 illustrations in this superb pictorial archive trace the evolution of clothing, styles, armor, and weapons during the medieval period in Central Europe. Unsurpassed in its comprehensiveness and variety, the volume draws upon a wealth of authentic primary sources, including written accounts, contemporary paintings and sculpture, and the remains of textiles and other relics. A profusion of apparel and weaponry are depicted, ranging from the simple tunics and robes of peasants, blacksmiths, gardeners, shoemakers, fishermen, and other common laborers to the fur-lined cloaks and brocaded garments of the aristocracy. Tools and utensils used by peasants, as well as the battle equipment and armor of warriors, are also pictured and described with special emphasis on how these weapons were handled, carried, and used in combat. Accompanied by a scrupulously researched and well-documented text, these royalty-free illustrations not only offer general readers an intriguing and authentic insight into a past age but also provide artists, historians, students of weaponry, and theater and film professionals with a highly accurate source of reference material. [Medieval Costume in England and France](#) Mary G. Houston, 1996-01-01 Splendid pictorial documentation, carefully researched, of royal apparel, ecclesiastical dress, and vestments, academic and legal garments, and civilian dress of all classes. **Survey of Historic Costume** Phyllis G. Tortora, Keith Eubank, 2009-06-08 In the Preface of the 5th Edition of *Survey of Historic Costume*, Tortora and Eubank conclude with the following: In the history of dress at the beginning of the 21st century, costume might be compared to a constantly moving river. This river divides into many narrower channels that separate, cross, come together, and separate again, and yet that river continually moves on. Building on the previous editions, the authors update their analysis of Western dress to 2008. *Survey of Historic Costume* has from its beginnings taken seriously the need to accompany the text with appropriate illustrations, and the major change in the 5th Edition is the move to full color throughout the book to enrich the text and the concepts. Perfect for anyone interested in historic costume, fashion, textiles, drama, and design, this beautifully illustrated book is full of interesting facts and commentary.

New to this Edition Over 500 four color photographs and illustrations Updated text to 2008 Additional influences from one period or civilization to another including influences from other cultures Index updated and organized to be utilized as glossary with terms defined and page numbers printed in boldface Instructor s Guide provides sources for visuals websites teaching strategies and evaluation techniques PowerPoint Presentation contains interactive visual presentation with links to Internet
