The Truth About Psychics Sylvia Browne, Lindsay Harrison, 2009-12 A new book from the celebrity psychic traces the history of spirituality and explains what's true, what's not, and how to tell the difference

Dowse Your Way To Psychic Power Anthony Talmage, 2026-02-18 BRING OUT THE MAGIC IN YOUR LIFE We all have a sixth sense. When we activate it, we become superhuman. We are clairvoyant, telepathic, can find lost objects, can talk to our pets, heal disease, travel through time, and talk with the angels. We become partners with our Spirit Guides, and our lives become a daily adventure. Psychic abilities are not confined to a gifted few; we all have them, and they are just waiting to be set free. This book takes us in simple, methodical steps on a journey to Extra Sensory Perception. THIS SHORT CUT WILL AMAZE YOU. There are many books on psychic development, but this is the first to employ a unique short cut: the art of dowsing. It has been discovered that this ancient skill is a portal to psychic power. And the other thing that is different within these pages is that you will have practical proof that your psychic abilities are awakening. The dowsing tools will move in your hand seemingly of their own volition. When this happens, you know the old you is changing, and a new you, complete with a growing sixth sense, is coming into being. The magic is starting to happen. On our journey together, we enter new dimensions which will change our lives.

Encyclopedia of New Age Beliefs John Ankerberg, John Weldon, 1996 This comprehensive indexed volume includes short one-page listings of pertinent facts about a particular movement, its founder, how it claims to work, scientific evaluations done, and its potential dangers. Some topics covered are angels, visualization, shamanism, hypnosis, new age medicine, and martial arts.

Clairvoyance for Psychic Empowerment Carl Llewellyn Weschcke, Joe H. Slate, 2013 A complete training course in the ancient Tantric and Western techniques of clairvoyance that will allow you to manifest love, happiness, health, knowledge, wealth, spirituality, and more.

MINDFULNESS AND THE PENDULUM Unknown, 2026-03-25 What if the answer to overthinking is already in your hands? In *Mindfulness and the Pendulum*, Anthony Talmage introduces a powerful, practical approach to calming the mind, sharpening intuition, and regaining control in an increasingly chaotic world. This is not just another book about mindfulness. Or just a book about dowsing. But it is the first to bring these two extraordinary practices together into a single, life-changing system. Through real-life stories, step-by-step guidance, and refreshingly honest insights, you'll discover how an ancient, intuitive tool—the pendulum—can transform your mindfulness practice into something precise, personal, and deeply effective. Inside this compelling and highly accessible guide, you will learn: How to stop overthinking and quiet mental noise. Why mindfulness alone sometimes isn't enough, and how to fix it. How to use a pendulum to access deeper levels of awareness. Simple techniques to improve clarity, focus, and decision-making. How to combine intuition and logic for better life choices. Real-world examples of transformation through mindfulness and dowsing. This is not theory. It is a practical, usable system you can begin today. Whether you're overwhelmed by modern life, stuck in cycles of anxiety, or simply searching for a clearer, calmer way to think and live, this book offers something rare: a method that works. If
