After Whiteness Mike Hill,2004-01-01 View the Table of Contents Read the Introduction Beautifully written and
rigorously argued After Whiteness is the most important theoretical statement on white racial formation since whiteness
studies began its current academic sojourn By reading debates about multiculturalism ethnicity and the desire for difference

Hill s reputation as one of the finest thinkers of his generation Robyn Wiegman Duke University Mike Hill s After Whiteness
is an important provocative and timely book Against the Current A lucid fiercely argued brilliantly conceived richly
provocative work in an emergent and growing area of cultural studies After Whiteness sets new directions in American

across the disciplines will find Hill s analysis insightful and brilliant A must for any scholar who wishes to in Ralph Ellison s
words go to the territory Sharon Holland University of Illinois at Chicago As each new census bears out the rise of
multiracialism in the United States will inevitably result in a white minority In spite of the recent proliferation of academic
studies and popular discourse on whiteness however there has been little discussion of the future what comes after
whiteness On the brink of what many are now imagining as a post white American future it remains a matter of both popular
and academic uncertainty as to what will emerge in its place After Whiteness aims to address just that exploring the
remnants of white identity to ask how an emergent post white national imaginary figure into public policy issues into the
habits of sexual intimacy and into changes within public higher education Through discussions of the 2000 census and
debates over multiracial identity the volatile psychic investments that white heterosexual men have in men of color as
illustrated by the Christian men s group the Promise Keepers and the neo fascist organization the National Alliance and the
rise of identity studies and diversity within the contemporary public research university Mike Hill surveys race among the

ruins of white America At this crucial moment when white racial change has made its ambivalent cultural debut Hill demonstrates that the prospect of an end to whiteness haunts progressive scholarship on race as much as it haunts the paranoid visions of racists
