Growing Up Protestant Margaret Lamberts Bendroth, 2002 Home and family are key yet relatively unexplored dimensions of religion in the contemporary United States American cultural lore is replete with images of saintly nineteenth century American mothers and their children During the twentieth century however the form and function of the American family have changed radically and religious beliefs have evolved under the challenges of modernity As these transformations took place how did religion manage to fit into modern family life In this book Margaret Lamberts Bendroth examines the lives and beliefs of white middle class mainline Protestants principally northern Presbyterians Baptists Methodists and Congregationalists who are theologically moderate or liberal Mainliners have pursued family issues for most of the twentieth century churning out hundreds of works on Christian childrearing Bendroth s book explores the role of family within a religious tradition that sees itself as America s cultural center In this balanced analysis the author traces the evolution of mainliners roles in middle class American culture and sharpens our awareness of the ways in which the mainline Protestant experience has actually shaped and reflected the American sense of self

Futuring Your Church George B. Thompson, 2015-06-09 A vision is not a mission statement declares George Thompson In the throes of establishing their congregational identity many church leaders resort to developing a mission statement which gets put in a file drawer and forgotten until the next budget review The problem is that mission statements focus on concrete achievements a vision in contrast establishes the larger picture of aim broad purpose and hopes In Futuring Your Church church leaders explore the congregation s heritage its current context and its theological bearings From the insights gleaned members can discern what God is currently calling their own church to do in this time and place Once this vision is found Thompson provides a simple organization model for applying the vision for making it work A practical helpful tool for futuring authentic ministry

Bowling Alone: Revised and Updated Robert D. Putnam, 2001-08-01 Once we bowled in leagues usually after work but no longer This seemingly small phenomenon symbolizes a significant social change that Robert Putnam has identified in this brilliant volume Bowling Alone which The Economist hailed as a prodigious achievement Drawing on vast new data that reveal Americans changing behavior Putnam shows how we have become increasingly disconnected from one another and how social structures whether they be PTA church or political parties have disintegrated Until the publication of this groundbreaking work no one had so deftly diagnosed the harm that these broken bonds have wreaked on our physical and civic health nor had anyone exalted their fundamental power in creating a society that is happy healthy and safe Like defining works from the past such as The Lonely Crowd and The Affluent Society and like the works of C Wright Mills and

Betty Friedan Putnam's *Bowling Alone* has identified a central crisis at the heart of our society and suggests what we can do

More Than Money Patrick H. McNamara, 2000-05-01 *More than Money* is a wondrous journey to 11 congregations across the United States that have been transformed by living out stewardship that is more than fundraising. Important factors emerge from the lively descriptions and records of dialogue between McNamara and the pastors and lay leaders he visited. The pastor's leadership is a linchpin of stewardship endeavor; they are willing to talk directly with their members about money. The churches take seriously a biblical and theological vision of their mission and are willing to be counter-cultural in reaching toward that vision. In these churches, membership is viewed as carrying a high level of meaning and responsibility.

Protestant Spiritual Exercises Joseph D. Driskill, 1999-03 *Protestant Spiritual Exercises* A Church Wide Enough for Everyone Steven H. Propp, 2018-02-03 Robert Schaeffer and Douglas West are best friends living in Oklahoma in 1963 when they discover that they both sense a calling to become ministers in a mainline Christian denomination. But from seminary and their early years in ministry to their golden years looking back on what it takes to lead a congregation, a stimulating, sometimes puzzling, yet often inspirational world of theological controversies and congregational concerns would unfold for these two men of God. *A Church Wide Enough for Everyone* follows these two men on their journey to demonstrate the continuing relevance of the Christian faith in a postmodern world. After moving to Berkeley, California, to attend college and seminary, they have little time to ponder the vast social changes taking place before they immediately enter into intensive critical study of the Bible and Christian theology. And as Robert is then thrust into the ordained ministry with his wife Faye, both men must in their own ways face the political, cultural, and ideological pressures of each passing decade, responding to challenges from both within the church and from outsiders. Are mainline churches and Christian theology dead? Or might they be revitalized in the current century? *A Church Wide Enough for Everyone* and the inspired journeys of two ministers offers a window into how this revitalization and new understanding is possible.

The God We Never Knew Marcus J. Borg, 2009-10-06 Answering the many spiritual questions left unaddressed by such popular historical bestsellers as *A History of God* and *God: A Biography*, renowned author Marcus J. Borg looks for a way to embrace an authentic contemporary faith that reconciles God with science, critical thinking, and religious pluralism. How to have faith or to even think about God without having to stifle modern rationality is one of the most crucial challenges facing contemporary religion. In the process of exploring this dilemma, Borg traces his own personal journey. He leads readers from the all-powerful and authoritarian image of the God of his childhood to an equally powerful but more dynamic God who is not only relevant to contemporary seekers but also more biblical and spiritually authentic. Marcus J. Borg, author of the bestselling *Heart of Christianity*, is Hunderdistinguished Professor of Religion and Culture at Oregon State University and author of *Meeting Jesus Again for the First Time: Reading the Bible Again for the First Time*, *The God We Never Knew*, and coauthor of *Jesus: A New Vision* with N. T. Wright. He was an active member of the Jesus Seminar when it focused on the historical Jesus, and he has been chair of

the Historical Jesus section of the Society of Biblical Literature Borg does what few scholars on religion seem capable of doing He has digested an immense amount of difficult often conflicting religious ideas and written a clear coherent and highly readable theological work that satisfies the mind and the soul Oregonian **Journal of Presbyterian History** ,2002

Congregational Paths to Holiness Peter A. R. Rekindling the Mainline Stephen C. Compton,2003-06-01 Not only do new church starts in significant numbers bring systemic change and renewal to mainline denominations but new church development brings similar change to individual aging congregations in their vicinity Author Stephen Compton argues that a decline in new church starts in the last half of the 20th century was the major contributor to the decline of mainline church groups not liberalism or lack of faith as is often cited He shows in this book how introducing considerable numbers of new congregations into these old denominations can cause these venerable institutions to revisit the meaning of church and congregation develop a clearer vision of their collective mission and grow in their ability to bring about positive change in the world In effect he contends new churches in an aging organization do not merely make it grow They make it change in ways that make it more effective in its mission and ministries This book will appeal to leaders across denominational lines including those not ordinarily called mainline and especially to pastors and leaders of older congregations **Missiology** ,1995 An international review *Encounter* ,1997
