Emotions, Genre, Justice in Film and Television Deidre Pribram, 2012-05-23 Popular film and television are ideally suited in understanding how emotions create culturally shared meanings. Yet very little has been done in this area. Emotion Genre and Justice in Film and Television explores textual representations of emotions from a cultural perspective rather than in biological or psychological terms. It considers emotions as structures of feeling that are collectively shared and historically developed. Through their cultural meanings and uses emotions enable social identities to be created and contested to become fixed or alter. Popular narratives often take on emotional significance aiding groups of people in recognizing or expressing what they feel and who they are. This book focuses on the justice genres the generic network of film and television programs that are concerned with crime law and social order to examine how fictional police detective and legal stories participate in collectively realized conceptions of emotion. A range of films Crash Man on Fire and television series Cold Case Cagney and Lacey serve as case studies to explore contemporarily relevant representations of anger fear loss and consolation and compassion

Elizabeth von Arnim Isobel Maddison, 2016-04-29 In the first book-length treatment of Elizabeth von Arnim's fiction Isobel Maddison examines her work in its historical and intellectual contexts demonstrating that von Arnim's fine comic writing and complex and compelling narrative style reward close analysis. Organised chronologically and thematically Maddison's book is informed by unpublished material from the British and Huntington Libraries including correspondence between von Arnim her publishers and prominent contemporaries such as H G Wells Bertrand Russell and her cousin Katherine Mansfield whose early modernist

prose is seen as indebted to von Arnim's earlier literary influence Maddison's exploration of the novelist's critical reception is situated within recent discussions of the middlebrow and establishes von Arnim as a serious author among her intellectual milieu countering the misinformed belief that the author of such novels as *Elizabeth and Her German Garden* *The Caravaners* *The Pastor's Wife* and *Vera* wrote light hearted fiction removed from gritty reality On the contrary various strands of socialist thought and von Arnim's wider political beliefs establish her as a significant author of British anti invasion literature while weighty social issues underpin much of her later writing

Hall,2009-08-11 This book examines the themes and variations of *Phantom of the Opera* exploring the story's appeal to multiple generations through numerous incarnations After discussing Gaston Leroux's original 1910 novel the work turns first to *Phantom* on film from Lon Chaney's 1925 *Phantom* through Dario Argento's 1998 film Stage versions of *Phantom* are then covered in detail including Webber's spectacular 1986 production and its lesser known predecessors and competitors and those that followed A final section looks at novels and miscellaneous adaptations ranging from erotic fiction to a Donald Barthelme short story
