Managing Stress: Skills for Self-Care, Personal Resiliency and Work-Life Balance in a Rapidly Changing World Brian Luke Seaward, 2020-12-08 Updated to provide a modern look at the daily stressors evolving in our ever changing society *Managing Stress Skills for Self Care Personal Resiliency and Work Life Balance in a Rapidly Changing World Tenth Edition* provides a comprehensive approach to stress management honoring the balance and harmony of the mind body spirit and emotions Referred to as the authority on stress management by students and professionals this book equips readers with the tools needed to identify and manage stress while also coaching on how to strive for health and balance in these changing times The holistic approach taken by internationally acclaimed lecturer and author Brian Luke Seaward gently guides the reader to greater levels of mental emotional physical and spiritual well being by emphasizing the importance of the mind body spirit connection **Autobiography as a Writing Strategy in Postcolonial Literature** Benaouda Lebdaï, 2015-02-05

Autobiography a fully recognised genre within mainstream literature today has evolved massively in the last few decades particularly through colonial and postcolonial texts By using autobiography as a means of expression many postcolonial writers were able to describe their experiences in the face of the denial of personal expression for centuries This book is centred around the recounting and analysis of such a phenomenon Literary purists often reject autobiography as a fully fledged literary genre perceiving it rather as a mere life report or a descriptive diary The colonial and postcolonial autobiographical texts analysed in this book refute such perceptions and demonstrate a subtle combination of literary qualities and the recounting of real life experiences This book demonstrates that colonial and postcolonial autobiographical texts have established their literarity The need for postcolonial authors to express themselves through the I and the me as subjects and not as objects is the essence of this book and confirms that self affirmation through autobiographical writing is indeed an art form *Romney* McKay Coppins, 2024-09-24 NEW YORK TIMES BESTSELLER In this illuminating and scoop rich biography the tell all tales rush forth Los Angeles Times offering a penetrating analysis of the ongoing Republican civil war through the eyes of one of its last embattled centrists Publishers Weekly Few figures in American politics have seen more and said less than Mitt Romney An outspoken dissident in Donald Trump's GOP he has made headlines in recent years for standing alone against the forces he believes are poisoning the party he once led Romney was the first senator in history to vote to remove from office a president of his own party When that president's supporters went on to storm the US Capitol Romney delivered a thundering speech from the Senate floor accusing his fellow Republicans of stoking insurrection Despite these moments of public courage Romney has shared very little about what he's witnessed behind the scenes over his three decades in politics in GOP cloakrooms and caucus lunches in his private meetings with Donald Trump and his family in his dealings with John McCain George W Bush Barack Obama Joe Biden Mitch McConnell Joe Manchin and Kyrsten Sinema Now Romney provides a window to his most private thoughts Based on dozens of interviews with Romney his family and his inner

circle as well as hundreds of pages of his personal journals and private emails this in depth portrait by award winning journalist McKay Coppins shows a public servant authentically wrestling with the choices he has made over his career In lively revelatory detail the book traces Romney s early life and rise through the ranks of a fast transforming Republican Party and exposes how a trail of seemingly small compromises by political leaders has led to a crisis in democracy A rare feat in modern day political reporting The New Yorker Romney A Reckoning is a redemptive story about a complex politician who summoned his moral courage just as fear and divisiveness were overtaking American life *Window on Congress* James S.
