## **Perspective In Controversy:**

**Controversy as News Discourse** Peter A. Cramer,2011-06-17 This book presents a constitutive approach to controversy based on a discourse analysis of news texts focusing on the role of journalists as participants who shape public controversy for readers Drawing data from the Reuters Corpus the project identifies formulas that journalists use in reporting controversy and draws conclusions about how these serve professional and textual functions and how they shape public controversy as a natural historical and pragmatic event While the traditions of dialectic and rhetoric have focused on the prescriptive aim of training participants to resolve controversies in philosophical dialogue or public debate settings this orientation has tended to preempt questions about where controversy is located and how it is shaped This project contributes to descriptive ethnographic research about controversy using discourse analysis to address a problem in argumentation

**The Routledge Handbook of Idealism and Immaterialism** Joshua Farris,Benedikt Paul Göcke,2021-09-12 The influence of materialist ontology largely dominates philosophical and scientific discussions However there is a resurgent interest in alternative ontologies from panpsychism the view that at the base of reality exists potential minds minds or mind lets to idealism and dualism the view that all of reality is material and mental The Routledge Handbook of Idealism and Immaterialism is an outstanding reference source and the first major collection of its kind Historically grounded and constructively motivated it covers the key topics in philosophy science and theology providing students and scholars with a comprehensive introduction to idealism and immaterialism Also addressed are post materialism developments with explicit attention to variations of idealism and immaterialism the view that reality depends on a mind or a set of minds Comprising 44 chapters written by an international and interdisciplinary team of contributors the Handbook is organised into five clear parts Idealism and the history of philosophy Important figures in idealism Systematic assessment of idealism Idealism and science Idealism physicalism panpsychism and substance dualism Essential reading for students and researchers in metaphysics philosophy of science philosophy of religion and philosophy of mind The Routledge Handbook of Idealism and Immaterialism will also be of interest to those in related disciplines where idealist and immaterialist ontology impinge on history science and theology
