Report Planet Three:

Report on Planet Three Arthur C. Clarke, 2011-09-29 In addition to being one of Science Fiction's greatest writers Sir Arthur C. Clarke was also one of our foremost thinkers and visionaries producing a number of highly readable and important non-fiction works. **Report of Planet Three** is a collection of 23 essays on the future of Man and his technology including essays on space satellite communications, the internet, alien contact, UFO debunking, and relativity. **Third Planet** Murray Leinster, 2018-04-20 The aliens had lost their lives to nuclear war but their loss might be the salvation of Earth. An incredible and timely science fiction masterpiece from one of the greatest authors the genre has ever known. **First Contact and Time Travel** Zoran Živković, 2018-07-12 This volume collects both essays and fictional material around two core topics in the long career of the Serbian writer, essayist, researcher, publisher, and translator. The first topic, first contact, is chiefly represented by his comprehensive essay on *The Theme of First Contact in the SF Works of Arthur C. Clarke* and reflected on the literary level with his short stories *The Bookshop* and *The Puzzle*. Two shorter essays on the second topic, time travel in SF literature, introduce, amongst others, the well-known and fascinating mosaic novel *Time Gifts*, which skillfully explores the more literary side of the notions of past, present, and future. In the annotations, the author provides insights into his take on the subjects presented. [Catalog of Copyright Entries. Third Series](#) Library of Congress. Copyright Office, 1974.
