Teacher Classroom Observation Report

Instructor: Nicholas Henry

Grade Level & Section: Third Grade-Franklin

Room: Room 302

Evaluator: Denise White

Date of Evaluation: January 10, 2020

Time of Evaluation: 8:00 AM - 9:00 AM

Instructions: The evaluator must fill in this Teacher Classroom Observation Report by first describing the teaching process of the teacher being observed and then the evaluator must fill in the Observation form below while providing the necessary explanation for each observation result.

The Teaching Process:

The teacher began the lesson for the day by asking the students what they have remembered during the last session. She further asked questions regarding the last session's lessons and randomly picked students to answer her questions. After the five (5) minute review session, she then proceeded to write a sentence on the blackboard, "She was happy when she listened to music." The teacher later asked the students if the sentence was positive or not, to which the students answered that it was positive. After, the teacher moved on to discuss her grammar lesson.

Teacher Classroom Observation Report:

1. Is the teacher able to encourage and challenge the students?
No, based on my observation, the teacher only interacted with the students at the beginning of the class. After that, she discussed only and the students started to listen only and may have lost focus at one point. The class ended with the teacher's discussion.
2. Does the teacher provide the students with a lesson plan or a lesson map of what they have to learn that day and does the teacher follow through with this plan?
