Reproducing the Future Marilyn Strathern,1992 These essays written at the time when the Bill for Human Fertilization and Embryology Act 1990 was going through Parliament touch on the British debate on in vitro fertilization gamete donation and maternal surrogacy from an anthropological perspective The implications of the medical developments that lay behind the Act are world wide and these new procreative possibilities formulate new possibilities for thinking about kinship The essays are informed by recent re thinking of models of kinship in Melanesia *Reproducing the Future* Marilyn Strathern,1992-01-01 Reproducing the Future Marilyn Strathern,1992 *Reseña de "Reproducing the Future. Laura Clancy, 2021-09-28 In recent decades the global wealth of the rich has soared to leave huge chasms of wealth inequality This book argues that we cannot talk about inequalities in Britain today without talking about the monarchy Running the Family Firm explores the postwar British monarchy in order to understand its economic political social and cultural functions Although the monarchy is usually positioned as a backward looking archaic institution and an irrelevant anachronism to corporate forms of wealth and power the relationship between monarchy and capitalism is as old as capitalism itself This book frames the monarchy as the gold standard corporation The Firm Using a set of case studies the Queen Prince Charles Prince Harry Kate Middleton and Meghan Markle it contends that The Firm's power is disguised through careful stage management of media representations of the royal family In so doing it extends conventional understandings of what monarchy is and why it matters *Monstrosity, Disability, and the Posthuman in the Medieval and Early Modern World* Richard H.
