Radical Right In Britain:

Revolt on the Right Robert Ford, Matthew J Goodwin, 2014-03-17 Winner of the Political Book of the Year Award 2015 The UK Independence Party UKIP is the most significant new party in British politics for a generation In recent years UKIP and their charismatic leader Nigel Farage have captivated British politics media and voters Yet both the party and the roots of its support remain poorly understood Where has this political revolt come from Who is supporting them and why How are UKIP attempting to win over voters And how far can their insurgency against the main parties go Drawing on a wealth of new data from surveys of UKIP voters to extensive interviews with party insiders in this book prominent political scientists Robert Ford and Matthew Goodwin put UKIP's revolt under the microscope and show how many conventional wisdoms about the party and the radical right are wrong Along the way they provide unprecedented insight into this new revolt and deliver some crucial messages for those with an interest in the state of British politics the radical right in Europe and political behaviour more generally

The Radical Right in Britain Alan Sykes, 2005-03 In many and varied forms the Radical Right has been a hyper nationalist thorn in the side of Britain's liberal political system for over 100 years This book examines its troublesome history and its critique of British society

[A.K. Chesterton and the Evolution of Britain's Extreme Right, 1933-1973](#) Luke LeCras, 2019-12-06 Arthur Kenneth A K Chesterton was a soldier journalist and activist whose involvement with fascist and extreme right wing politics in Britain spanned four decades Beginning with his recruitment to Oswald Mosley's Blackshirts in the 1930s Chesterton's ideological relationship with fascism nationalism and anti-Semitism would persist far beyond the collapse of the interwar movements culminating in his role as a founder of the National Front in 1967 This study examines Chesterton's significance as a bridging figure between two eras of extreme right activity in Britain and considers the ideological and organizational continuity that existed across the interwar and post war periods It further uses Chesterton's life as a means to explore the persistence of racism and anti-Semitism within British society as well as examining the political conflicts and tactical disputes that shaped the extreme right as it attempted to move from the margins to the mainstream This book will appeal to students and researchers with an interest in fascism studies British political history extremism and anti-Semitism

Revolt on the Right Robert Anthony Ford, Matthew J. Goodwin, 2014 The UK Independence Party UKIP is the most significant new party in British politics for a generation In recent years UKIP and their charismatic leader Nigel Farage have captivated British politics media and voters Yet both the party and the roots of its support remain poorly understood Where has this political revolt come from Who is supporting them and why How are UKIP attempting to win over voters And how far can their insurgency against the main parties go Drawing on a wealth of new data from surveys of UKIP voters to extensive interviews with party insiders in this book prominent political scientists Robert Ford and Matthew Goodwin put UKIP's revolt under the microscope and show how many conventional wisdoms about the party and the radical right are wrong Along the way they provide unprecedented insight into this new revolt and deliver some crucial messages for

those with an interest in the state of British politics the radical right in Europe and political behaviour more generally

Colin Jordan and Britain's Neo-Nazi Movement Paul Jackson, 2016-12-15 Colin Jordan and Britain's Neo-Nazi Movement casts fresh light on one of post-war Britain's most notorious fascists using him to examine the contemporary history of the extreme right. The book explores the wide range of neo-Nazi groups that Colin Jordan led, contributed to and inspired throughout his time as Britain's foremost promoter of Nazi ideology. In a period stretching from the close of the Second World War right up to the 2000s, Colin Jordan became politically engaged with a multitude of Nazi-inspired extremist groups, either as leader or as a key protagonist. Moreover, Jordan also developed critical relationships with larger competitor extreme right organisations and parties, including the Mosley's Union Movement, the National Front, and the most recent incarnation of the British National Party. He fostered a number of transnational links throughout his years of activism, as well especially with American neo-Nazis. In recent years, his writings and somewhat idealised profile have been adopted by more contemporary extremist organisations such as the British People's Party and a rekindled British Movement, who look to Jordan as an inspirational figure for their own reconfigurations of a National Socialist agenda. By examining this history, drawing on a wide range of fresh primary sources, *Colin Jordan and Britain's Neo-Nazi Movement* offers a new analysis on the nature and workings of Nazi-inspired political extremism in post-war Britain. It is an important study for anyone interested in the history of fascism, extreme ideologies, and the political and social history of Britain since the Second World War.

Extreme Britain Elizabeth Pearson, 2024 Drawing on interviews with extremists, this timely study explores the relationship between gendered culture and political radicalism using Britain as a case study. **Hitler's British Nazis** Norman Ridley, 2024-05-30 Following the end of the First World War, many countries experienced economic decline. Unemployment, high inflation, low wages, and poor working conditions led to widespread unrest. This manifested itself in the rise of powerful militaristic leaders, first in Italy where fascism was born, and then in Germany and elsewhere. The policies of the likes of Mussolini and Hitler were hugely popular, and fascism was seen by many as a viable political alternative to democracy. To some degree, these ideals also gained traction in the UK, where some individuals in and among the elite of British society believed fascism was the way forward for the country. This is fully explored in *Hitler's British Nazis*, which traces the evolution of extreme right-wing opinion from the turn of the century right through to the end of the Second World War. In particular, it looks at the way British fascism developed its own character due to Britain having been on the winning side during the First World War. Early fascist movements of the 1920s are analyzed, including the fascist tendencies of the Suffragette Movement. The book then traces the way in which domestic politics and the dire economic situation of the early 1930s created a political vacuum that was filled by Oswald Mosley and his Blackshirt Movement. Throughout the 1930s, right-wing sympathisers looked to Hitler's Germany rather than to Mussolini's Italy for inspiration. Some members of aristocratic and political elites, many with virulent anti-Semitic views, saw in German fascism a template for Britain to build on, but

remained wilfully blind to the excesses of the Nazi regime that were getting worse by the day The book looks at the way in which Nazi Germany was depicted in the press and how powerful press barons many of whom were pro German and supported Chamberlain s appeasement policies were able to influence public opinion The role of the Mitford sisters Unity in particular is explored in detail as is the influence of the Cliveden Set under the leadership of the Astors and perhaps most interesting of all is the role played by King Edward VIII and Wallis Simpson as they flirted unashamedly with fascism and threatened to take Britain down a very different path to that which it took after the abdication

A Bibliography of British History Keith Robbins,American Historical Association,Royal Historical Society (Great Britain),1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index

Pride in prejudice Paul Jackson,2022-02-22 *Pride in prejudice* offers a concise introduction to extreme right cultures in Britain today exploring the origins of this complex movement and the numerous groups and activists that make up Britain s contemporary extreme right Showcasing the latest research *Pride in prejudice* demonstrates that the movement has a long history in Britain Jackson evaluates successes and failures in policy responses to the extreme right and identifies the on going risks posed by lone actor terrorism In order to tackle the extreme right Jackson argues we must not only make ourselves aware of the changing ways the movement operates but we must understand how the extreme right legitimises its perspectives in mainstream discourses that can implicitly and explicitly support its racist and extremist views

[The Oxford Handbook of the Radical Right](#) Jens Rydgren,2018-02-01 The resurgence of strong radical right wing parties and movements constitutes one of the most significant political changes in democratic states during the past several decades particularly in Europe The radical right s comeback has notably attracted interest from political scientists sociologists and historians although the majority of past research focuses on party and electoral politics In contrast *The Oxford Handbook of the Radical Right* not only covers existing literature but also shows how the radical right forms movements rather than parties Editor Jens Rydren has gathered an international cast of contributors to cover concepts and definitions ideologies and discourses and a range of contemporary issues such as religion globalization gender and activism Further this volume is one of few to provide a number of cases focusing on areas outside of Europe including Russia the US Australia Israel and Japan By integrating various strands of scholarship on the radical right that covers different regions and different research perspectives this Handbook provides an authoritative and state of the art overview of the topic and will set the agenda for scholarship on the radical right for years to come

Ulster Unionism and British National Identity Since 1885 James Loughlin,1995 Much has been written on the Irish problem and on the political manifestations of Ulster Unionism but the history of Unionist ideology has been relatively neglected James Loughlin aims to correct this and to discuss the relationship of Unionism to the idea of Britishness demonstrating that the central element of Unionism was its rejection of

Irish nationalism and its firm embracing of British national identity particularly with regard to the monarchy and membership of the wider British nation The author pays close attention to primary sources especially local newspapers and thus reveals the regional variations in the character of Unionism

British Labor and the War Paul Underwood Kellogg, Arthur Gleason, 1919

British Society Since 1945 Arthur Marwick, 1990 High and popular culture family race gender and class relations sexual attitudes and material conditions science and technology the diversity of social developments in Britain from 1945 to 2002 are thoroughly explored in this new edition of a classic text Something of a tour de force Without serious distortion or omission he moves dexterously through a wide variety of sources ranging from poetry through film and novels to opinion polls it is astonishing how much he gets in Times Educational Supplement An enjoyable readable usable achievement which leads the field John Vincent Sunday Times

Racism in Britain Brian David Jacobs, 1988 An examination of some of the major issues facing black and Asian minorities in Britain today serving as an introduction to both the nature of racism and the response of communities and politicians
