Radiobiology and Radiation Protection Mosby,1999-05 The instructional part of the program was designed and developed with the lecture setting in mind The visuals and audio present new information and encourage learner involvement and interaction with the material Each unit closes with a review self test section which shows selected visuals from earlier in the program giving the teacher the opportunity to pose questions and help students evaluate their own learning The tutorial portion presents the same content as the instructional program but offers opportunities for review reinforcement and self testing The tutorial has stated learning objectives and a multiple choice exam at the end of each module The tutorials are interactive and visually appealing and give the student control over the pacing of the information with options such as backing up to review material or requesting more information on a given topic Each module includes an interactive self test review and exam The testing function has the capacity to record each student s answers to be accessed later by the instructor CD software has been programmed for maximum flexibility and ease of use and does not require advanced knowledge of computers Full color visuals available as slides or CDs include full color line art and photographs radiographs and occasional text screens to reinforce content The CD ROM version includes animations CD program is interlaced with interactive components throughout the tutorial to enhance learning of difficult subject matter and allow students to learn at their own pace review as needed and assess their progress using self tests provided within the program Both the CD ROM set and the Slide and Audiotape set come with a detailed instructor s manual with additional test questions and the complete narration of the program in text form A student Study Guide provides activities to reinforce learning and enhance retention Program will run on PC or Mac and can be displayed in 1024x768 or 640x480 resolution Mosby's Radiobiology and Radiation Protection Electronic Teaching Library Mosby,Mosby Staff,2003-07 This handy teaching library gives you access to all the images and animations from Mosby s Radiography Online Radiobiology and Radiation Protection in a convenient CD ROM format You can browse images in either a list of clickable thumbnails or in a slide show of full screen images A unique search feature makes it easy to locate specific illustrations and animations If your classroom is not wired for Internet access this electronic teaching library offers you options for customizing your own image collections for use in lectures

Protection of the Environment from the Effects of Ionizing Radiation ,2005 Radioactive materials as environmental pollutants have been of concern with regard to both human exposure and exposure of non human species This concern has recently led to a reconsideration of an assumption on which current standards are based namely that if humans are adequately protected then other species will also be adequately protected This subject is now under consideration by all relevant international organizations in the field of radiation protection including the International Commission on Radiological Protection ICRP the United Nations Scientific Committee on the Effects of Atomic Radiation UNSCEAR and the IAEA The conference which is the subject of these proceedings is the latest in the series of international conferences on biota

protection from radiation Stockholm 1996 Ottawa 1999 and Darwin 2002 It had the objective of reviewing recent scientific and policy developments in this subject area and the implications for further work at national and international levels The conference was held in Stockholm Sweden from 6 to 10 October 2003 It was attended by about 220 participants from 38 countries and 11 international organizations These proceedings contain all of the presentations and discussions held during the conference as well as summaries of each session and the overall findings of the conference The contributed papers are provided on a CD ROM which accompanies these proceedings The proceedings are primarily intended for use by regulatory bodies and authorities of the nuclear fuel cycle facility locations international bodies involved in environmental protection and experts in environmental radioactivity worldwide *Hospital Emergency Department Management of Radiation Accidents* ,1984 Nuclear Science Abstracts ,1975-11 **NewMedia** ,1999 **UNDOC, Current Index** ,1996 **The Multimedia and CD-ROM Directory** ,1998 **The Software Encyclopedia** ,1988 **International Journal of Radiation Biology** ,2007 Chemical Safety ,1993 *Radiation Protection 102* European Commission.
