**Mything in Action** Don Lago,2006 There are times when nations are no longer sure of what they are and what their purpose is and for America 2004 was such a time For 200 years America was the hope and role model of the democratic world but now America is failing in this role The national myths the stories heroes self images and social values that have guided America from the beginning are now misleading and failing us Our heroic self image tricked us into disasters in Vietnam and Iraq Our frontier experience has left us refusing to face environmental limits Our individualistic values have left us unwilling to care about one another as a people Basic questions of national identity ran strong in the 2004 presidential campaign Mything in Action uses the campaign to explore America s guiding myths in action in the most iconic places in the American imagination Lexington and Concord on the 4th of July Hollywood Beverly Hills the Grand Canyon Las Vegas a Mark Twain riverboat town a Wild West town and John Wayne s hometown Mything in Action is a unique literary exploration of American history culture and politics offering a deeper analysis of America s difficulties than the usual partisan polemics
