Shared Intimacies:

Shared Intimacies Lonnie Garfield Barbach, Linda Levine, 1981 **Intimacy** Martin Fisher, 2012-12-06 Intimacy is a complex and heterogeneous concept that has generated a variety of definitions theories and philosophies over the years Although there is much disagreement about the essential meaning of the term there seems to be a consensus that intimacy whatever it may be is of central importance in human relationships and specifically in the theory and practice of psychotherapy One approach to intimacy focuses on an intrapsychic conception Intimacy occurs when an individual achieves full self knowledge and is fully in touch with his or her feelings and wishes From this viewpoint an intimate act occurs when a person is willing to share these feelings and wishes with another so that self disclosure becomes an important index of intimacy This definition also implies that intimacy need not be reciprocal so that a therapeutic relationship can achieve a good deal of intimacy without the therapist engaging in self disclosure An alternate approach to intimacy stresses the interpersonal nature of the concept Intimacy is seen as the product of an interaction and can only occur between people Each one is able to touch something meaningful in the other whether at a conscious behavioral level or an unconscious and inferential level Therapists seeking intimacy in these terms would probably be a good deal more active and consider it more important to reveal something of the substance of their own persons if not the facts of their lives **The Intimate Male** Linda Levine, 1983-12 [Boys Love Media in Thailand](#) Thomas Baudinette, 2023-10-05 This book provides the first critical investigation of Thai Boys Love television series and how fandoms around the series stars help viewers explore queer sexuality in a number of Asian consumer contexts **Friendship** James O. Grunebaum, 2012-02-01 In Friendship James O Grunebaum introduces a new conceptual framework to articulate explain and understand similarities and differences between various conceptions of friendship Asking whether special preference for friends is morally justified Grunebaum answers that question by analyzing a comprehensive comparison of not only Aristotle s three well known kinds of friendship pleasure utility and virtue but also a variety of lesser known friendship conceptions from Kant C S Lewis and Montaigne The book clarifies differences about how friends ought to behave toward each other and how these differences are in part what separate the various conceptions of friendship **Poetry and Contemporary Visual Culture / Lyrik und zeitgenössische Visuelle Kultur** Magdalena Elisabeth Korecka, Wiebke Vorrath, 2023-10-24 This book s goal is to determine the significance of visual culture in the production of contemporary poetry and to sound out the insights poetry might generate into contemporary visual culture Its main hypothesis is that poetry holds considerable potential for post digital language image and media criticism The visual dimensions of recent poetry encompass for instance kinetic writing in digital poetry visual elements in social media poems and spoken and written text image interactions in poetry films as well as in book poetry The articles examine these medial correlations and their political implications by asking how visual culture is applied exposed and debated in poetry This volume brings together contributions by authors from various countries working

in disciplines such as literary media and film studies linguistics cultural and visual culture studies and in poetic practice It covers poetry in English German Norwegian Polish Ukrainian Russian Serbian and also multilingual works The book thus aims to promote international exchange between poetry researchers and stimulate further investigation into current relations between poetry and visuality from additional research perspectives and languages The Ground Between Veena Das, Michael Jackson, Arthur Kleinman, Bhri Gupta Singh, 2014-04-21 Twelve leading anthropologists offer candid reflections on the influence of particular philosophers on their thought and ethnographic practices They relate the philosophers to matters such as how to respond to the suffering of the other how concepts arise in the give and take of everyday life and how to be attuned to the world through the senses **Love and Intimacy** Robert Laroy Coutts, 1973 Tressider's Sister Isabel Constance Clarke, 1921 Shared Intimacies Lonnie Barbach, Ph.D., 1983-12-01 *The Best Years of Your Life* Miriam Stoppard, 1986 *What Men Live by* Richard Clarke Cabot, 1914 Rational Basis of Legal Institutions John Henry Wigmore, Albert Kocourek, 1923 **Medical Aspects of Human Sexuality**, 1978 *The 7th Game* Don Kowet, 1977 Texe Marrs Book of New Age Cults & Religions Texe W.
