Dreaming of Everest Saachi Dhillon,2022-05-09 Foreword by Peter Hillary Renowned mountaineer speaker and son of Sir Edmund Hillary We need more young adventurers like Saachi Dhillon People prepared to head out into what is for them the unknown We all have unknowns that can only be known by being bold and taking the first step and then another and another The process is exhilarating and with every step we learn about the challenge and what will be required of us but also we learn about ourselves Perhaps that is the most important learning of all As Saachi says herself the journey highlights just how much baggage all of us carry in our lives And how in the end you can emerge lighter as your inhibitions float away into the thin air I think that realisation is delightful and a fine reason to trudge up the trails of the Himalayas to Everest Basecamp at 5360 metres altitude and the foot of the world s highest mountain As my father said It is not the mountain we conquer but ourselves And that is the story of this book About the book The story of a young woman s journey to the Everest Base Camp despite limited trekking experience that will inspire even the hoi polloi to realize impossible dreams and prove that limitations exist only in the mind Despite limited trekking experience Saachi sets her sights high and embarks on a 130 km long maiden trek through a region of outstanding natural beauty The protagonist takes you on a sublime adventure through blooming rhododendron forests gushing streams and majestic mountain scenery Along the way the group braves many challenges the aftermath of Cyclone Fani altitude sickness and extreme weather conditions While two members drop out will the remaining manage to pull through It is an inspiring personal narrative of grit focus and the weight that we carry in our lives About the Author Saachi Dhillon is a traveller and adventurer who has been to over 22 countries She writes about her travels for leading mainline and travel publications in India and globally Her love for the mountains has made her traverse many trails in the Himalayas and abroad **Love Unveiled: Echoes from the Soul** Peter Cole,2023-12-03 Love Unveiled Echoes from the Soul is a fascinating journey into the dance of love spirituality and finding oneself In this story we explore romance spirituality and fiction all woven together to create a tapestry of feelings that really hit home The setting is in the present day focusing on relationships The story unfolds with a mix of love and self discovery The characters go through the ups and downs of emotions taking readers on a deep journey through the twists and turns of human connections Using beautiful language and a compelling narrative the book explores powerful themes like how love can change us and the spiritual side of our inner selves As characters search for meaning readers get to think about common human experiences such as making connections dealing with loss and trying to be true to oneself Love Unveiled isn t just a love story it goes beyond genres It encourages readers to think about the strong ties that connect us to others and our own inner selves This touching tale talks about the complexities of love leaving a lasting impact on the heart and mind even after the story ends
