**Reflections on Grace** Thomas A. Langford,2007-06-23 For about the last fifteen years of his life Thomas A Langford pondered how grace is central to Christian theology This book records his reflections and provides numerous gems of mature Christian insight From beginning to end the book is christologically focused Grace is not something that God gives us rather it is the way God gives us himself Grace is a person God present to human beings Grace is not a gift but rather a giver Grace is Jesus Christ The central contribution of this work is its personalization of grace its sharp focus on God present in Jesus Christ Because its focus on grace gives the reader such a clear and thematically developed entry point this work is a great introduction to theology and the life of the church the kind that pastors and parishioners would certainly benefit from confronting

A Theology for the Twenty-First Century Douglas F. Ottati,2020-10-15 Christianity in the United States is in crisis Liberalism is declining evangelicalism is splintering increasing numbers of Christians are slipping away from churches and more and more young people are for various reasons finding Christianity as they conceive it a metaphysical thought system or society of science deniers or an ideology for oppressors not just implausible but repellent At the same time Christians across denominational and ideological divides are rediscovering a moral core especially in the Jesus of the Gospels that reactivates and unites them and this kind of faith appeals to many who consider themselves averse to all traditional organized religion But any revitalized Christian faith is going to need to understand its rootedness in and interpretation of Christianity s foundational texts and traditions Noted theologian Douglas F Ottati steps in to offer a theology for this new era Combining deep learning in texts and traditions with astute awareness of contemporary questions and patterns of thought and life he asks what does it mean in our time to understand the God of the Bible as Creator and Redeemer Distilling the content of Christian faith into seventy concise propositions he explains each in lucid cogent prose A Theology for the Twenty First Century will be an essential textbook for those training for ministry in our current climate a wise guide for contemporary believers who wonder how best to understand and communicate their faith and an inviting and intelligent resource for serious inquirers who wonder whether the way of Jesus might help them grasp the real world while remaining open to the transcendent
