Maybe Right Maybe Wrong A Guide For Young Thinkers:

Maybe Right, Maybe Wrong Dan Barker, 2011-04-29 This book affirms a child's ability to think about moral issues and to question Why It offers tools for critical thought while painlessly teaching situation ethics **Maybe Right, Maybe Wrong** Dan Barker, 1992-07-01 Discusses learning right from wrong stressing such aspects as the difference between rules and principles and the importance of an individual's rights "Almost There" Walking through the Valley Jack Weitzel, 2018-06-25 Just a few moments before his death my father looked straight ahead and with a calm voice said to me Almost there It has been 20 years since his homeward journey and I have been haunted by those words What was he seeing that we couldn't see In my career as a surgeon and a witness for Christ I have observed many deaths when the last moments were calm and unafraid Four years as a hospice volunteer brought me even more intimate with those last moments I think that the valley David wrote of could also represent moments of extreme circumstances in our lives when we are in the Shadow of death an automobile accident with severe injuries the sudden loss of a child or spouse the loss of a career a consuming fire a devastating flood the birth of a stillborn Do you have the Good Shepherd to guide you through these times We only have this moment this breath Tomorrow is not promised to anyone Do you have the peace of God that surpasses all understanding Are you ready to walk through the valleys of your life Come with me as I walk through the valley of the hospice and witness the grace and comfort that only God can provide for us Journey with me and meet my Lord There will be stops along the way as we see how the world deals with the valley I pray that this book might be a life changing experience for you as we journey to Almost there **God** Dan Barker, 2023-05-15 What words come to mind when we think of God Merciful Just Compassionate In fact the Bible lays out God's primary qualities clearly jealous petty unforgiving bloodthirsty vindictive and worse Originally conceived as a joint presentation between influential thinker and bestselling author Richard Dawkins and former evangelical preacher Dan Barker this unique book provides an investigation into what may be the most unpleasant character in all fiction Barker combs through both the Old and New Testament as well as 13 different editions of the Good Book presenting powerful evidence for why the Scripture shouldn't govern our everyday lives This witty well researched book suggests that we should move past the Bible and clear a path to a kinder and more thoughtful world *Leaving The Fold* Edward T. Babinski, 2003-06-30 This riveting new collection offers testimonies of former fundamentalists who became disillusioned with their churches and left Presenting more than two dozen personal journeys this book gives a clear picture of what attracts a person to the fundamentalist faith and what can drive believers away from their religion Photos throughout Contraduction Dan Barker, 2024-09-03 In a quiet and unassuming way Contraduction is utterly brilliant Every page has a thought so deep and unexpected that it stops you in your tracks as you not only realize That's a different really interesting way to think about the world exactly the opposite of how I normally view things but also And it is absolutely equally valid and enriching to adopt this opposite way of thinking I loved this book Robert Sapolsky author of

Behave and Determined An ingenious word for an invaluable concept Sharp clear and timely Steven Pinker Johnstone Professor of Psychology Harvard University and the author of The Blank Slate and Rationality Both a delightful read and a penetrating argument Barker has invented an invaluable new concept and puts it to work with clarity wit and above all conclusiveness A must have book A C Grayling author of The History of Philosophy and The God Argument I am completely down with the concept of contradiction It fills a need False pattern recognitions pose a real danger to our survival Well done Ann Druyan author with Carl Sagan of Cosmos Contact and Demon Haunted World I love it when brilliant ideas are conveyed clearly and soundly That s why I love this book Dan Barker has provided a much needed explication of a common fallacy that needs to be understood and rebutted It is an engaging enlightening and insightful book Phil Zuckerman author of Society Without God and What it Means to be Moral With Contraduction Dan Barker gives us a new word and a new way of looking at things I thoroughly enjoyed this So much to think about and it made me laugh What else could I ask for Kate Cohen contributing columnist for the Washington Post and author of We of Little Faith I love how Dan Barker offers us a new word to help us understand how to think rationally in a fun simple way I will never look at my reflection in the mirror the same Bailey Harris author of My Name is Stardust Barker has really created something mega with this book WOW what an absolutely awesome mind bender mind fuck contradictions are while at the same time seeming very obvious I give Contraduction 50 hell yeahs fuck yeahs outta 50 Zeke Piestrup director of Apocalypse Later and Satan s Guide to the Bible Dan Barker s approach reminds me of Douglas Adams famous Intelligent Design analogy about the rain puddle that fits me rather neatly A simple shift of perspective can be invaluable in our understanding and Dan s fresh angle gives us plenty to consider Simply put I ve never read anything quite like Contraduction and that s a good thing Seth Andrews Author of Deconverted A Journey from Religion to Reason Contraduction is a delight and lights the way through complexity Pound for pound Dan Barker s best book Ed Buckner Author with Michael Buckner of In Freedom We Trust An Atheist Guide to Religious Liberty A clarifying vision of the most baffling aspects of reality from the simplest such as our reflection in a mirror to the most complex such as time evolution or the very existence of life Manel Salido founder of Raz n o fe and the author of Fascinaos Be Fascinated Una respuesta a las grandes preguntas CHRISTIANITY IS AN ARTIFICIAL RELIGION DEVELOPED IN THE LABORATORIES OF ROME Mammadov, Jabbar Manaf oglu,2023-01-23 The book claims that Christianity was a project of Rome and was invented in its laboratories like Qumran Under the Achaemenids and even earlier in the entire Middle East up to India there lived Arameans half of whom professed Judaism or were to some extent influenced by the Bible In order to split their front and turn this force of theirs against themselves Rome organized secret centers for the study of the Hebrew Bible in different parts of the empire where the predictions of the former Jewish prophets were analyzed The remains of some of these centers are found today on the coast of the Dead Sea for example at Qumran Mossad etc In these laboratories think tanks the image of a new preacher teacher of righteousness named Jesus of Nazareth was

fabricated Using the method of adjusting events and biography to the prophecies of the Hebrew prophets Roman political technologists came up with a biography demeanor and texts of sermons for this fictional character corresponding to the predictions After the harsh suppression of the Jews during the First Jewish War 66 77 Rome was in dire need of agents of influence in order to curb the aggression of the people and reconcile them with defeat It is at this stage that the image of the hitherto unknown Jesus enters the historical arena This fictional Jewish character called his people to humility patience calmness obedience to Rome He offered not to blame Rome for anything and to look for the roots of all troubles in himself and in the Jewish Bible Christian pacifism and Christian anti Semitism All the power of the propaganda machine of Rome was connected to the promotion of his ideas in the Middle East It was at this time after the First Jewish War that the entire Middle East was enveloped in a boom of missionaries in the guise of prostitutes merchants merchants artisans travelers teachers mentors apostles philanthropists etc agents of influence propagating ideas this fictitious prophet As the ideas of Christianity spread a split and confrontation began to grow in the Jewish community which the Roman administrative bodies tried to do Guided by its standard policy of Divide and Conquer Rome used these methods to oppose different layers of the Aramaean Jewish society weakened and very easily conquered the entire Middle East and the Black Sea region Before the final rooting of a new artificial religion Christianity in the Middle East and the Black Sea region Rome carefully camouflaged its participation in its formation so as not to extradite its agents abroad and not disclose their source of funding It is worth emphasizing that being a Muslim the author does not belong to the Jewish religion In this book he approaches the problem from a purely scientific point of view and does not pursue any religious or ethno political goal Sometimes the author s pronounced anti Roman inclination is connected with the cultural role of Rome in history due to which the entire pre Roman history culture science of the Middle East and Europe created over several thousand years was wiped off the face of the Earth
