Jackson, 1983 Based on his experience as a diplomat and as political advisor to the U S mission to the United Nations Jackson traces the history and development of the Non Aligned Movement NAM and shows it to be a Third World interest group with a fundamental impact on the structure and agenda of the United Nations As such he views its mistrust of the West as stemming from an anti colonial bias rather than from an inherent disposition to either East or West He argues that the survival of the NAM in its present anti Western mode can only be viewed as a failure of U S policy over the last two decades He believes that U S withdrawal from the United Nations would increase global instability and supports ending direct attacks on the NAM ISBN 0 03 062561 0 pbk 29 95 **Neutrality and Non-alignment in Europe** Karl E. Challenging US Foreign Policy B. Sewell, S. Lucas, 2011-10-26 Some categorisations of US power have long governed analyses of American foreign policy concepts such as empire decline superpower the Cold War and the War on Terror and have led to a distortion that sees US policy measured by broad labels rather than on its own terms This fresh new approach seeks to challenge these terms The Policy and Movement of Non-alignment--new Tendencies and Options, 1986

Neutrality and Neutralism in the Global Cold War Sandra Bott, Jussi M. Hanhimaki, Janick Schaufelbuehl, Marco Wyss, 2015-12-22 This book sheds new light on the foreign policies roles and positions of neutral states and the Non Aligned Movement NAM in the global Cold War The volume places the neutral states and the NAM in the context of the Cold War and demonstrates the links between the East the West and the so called Third World In doing so this collection provides readers an alternative way of exploring the evolution and impact of the Cold War on North South connections that challenges traditional notions of the post 1945 history of international relations The various contributions are framed against the backdrop of the evolution of the Cold War international system and the decolonization process in the Southern hemisphere By juxtaposing the policies of European neutrals and countries of the NAM this book offers new perspectives on the evolution of the Cold War With the links between these two groups of countries receiving very little attention in Cold War scholarship the volume thus offers a window into a hitherto neglected perspective on the Cold War Via a series of case studies the

chapters here present new viewpoints on the evolution of the global Cold War through the exploration of the ensuing internal and mainly external policy choices of these nations This book will be of much interest to students of Cold War Studies international history foreign policy security studies and IR in general Redefining Roles of Non-aligned Movement in Unipolar World Jai Nandan Prasad Singh,2006 Pacific Affairs ,1964 Includes book reviews and bibliographies
