Never Ending Story:

The Neverending Story Michael Ende, 2022 Scepticism and Hope in Twentieth Century Fantasy Literature Kath Filmer-Davies, 1992 Religious discourse has become alien to the secular and skeptical western societies of the twentieth century There is real discomfort when religious discourse appears either in the popular press or in society But even in a secular society there is still a psychological need one might even use the stronger word will if not to believe then at least to hope Dr Filmer states this need is met in the literature of fantasy **The Neverending Narcissist** Jack Henson, Narcissists are the strangest creatures They are the people of arrested development The key to understanding these monsters is to grasp that they simply didn't grow up They are emotionally stunted They were so emotionally traumatized in childhood that they never left it Children resort to childish fantasies and infantile psychological defense mechanisms to shore up their fragile inchoate sense of self A normal person grows up and moves on from childish things Narcissists don't They're stuck Their mind emotionally freezes at the age of a toddler Can you imagine Probably not It's too disturbing It's too weird Narcissism is the condition of a child's self in an adult's body It's about people who were unable to psychologically transition from childhood to adulthood A narcissist grows up physically and intellectually but his emotions and core psychological defense mechanisms remain those of a child When you meet these people you of course assume you are dealing with an adult but you're not The narcissist is the eternal child He's a fantasist He has no emotional sophistication The Narc engages in something called splitting He considers himself all good and anyone who challenges him in any way all bad Because that's how children see the world They don't do nuance Here's the quickest way to identify a narcissist ask them what their favorite movie is An adult will of course choose an adult movie A narcissist will choose a children's movie because that reflects their emotional age and they love childish fantasies One movie narcissists love is *The NeverEnding Story* because it's about a bullied boy who becomes the Special One the Savior That's how all narcissists see themselves Another tale of narcissism is *The Emperor's New Clothes* And have you ever heard of the Singing Ringing Tree That's about a narcissist being cured It must be a fairytale because narcissists can't be cured Narcissism is a lifelong condition Every Narcissist is a Peter Pan But only emotionally A seventy year old narcissist looks seventy years old but he still has the emotional age of a toddler a fantasist Narcissists will meet their deaths as children trapped in adult bodies and what could be more horrifying than that Narcissists have a disproportionate effect on the world and it's largely because their childish behavior is regarded as magical by many people This is black magic **Neverending Story** Michael Ende, 1976 Shy awkward Bastian is amazed to discover that he has become a character in the mysterious book he is reading and that he has an important mission to fulfill Copyright Libri GmbH All rights reserved **The Neverending Story** Michael Ende, 1991 For use in schools and libraries only Shy awkward Bastian is amazed to discover that he has become a character in the mysterious book he is reading and that he has an important mission to fulfill *The Encyclopedia of Fantasy* John Clute, John Grant, 1999-03-15 Like its companion volume
