Mateo Alemán Donald McGrady, 1968 **Inside Guzmán de Alfarache** Carroll B. Johnson, 1978 *The "Sucesos" of Mateo Aleman. Reprinted by Alice H. Bushee...* Mateo Alemán, 1911 *The Other Within* Yirmiyahu Yovel, 2009-01-25 He describes the Marranos as the Other within people who both did and did not belong Rejected by most Jews as renegades and by most veteran Christians as Jews with impure blood Marranos had no definite integral identity Yovel argues The Judaizers Marranos who wished to remain secretly Jewish were not actually Jews and those Marranos who wished to assimilate were not truly integrated as Hispano Catholics Rather mixing Jewish and Christian symbols and life patterns Marranos were typically distinguished by a split identity They also discovered the subjective mind engaged in social and religious dissent and demonstrated early signs of secularity and this worldliness In these ways Yovel says the Marranos anticipated and possibly helped create many central features of modern Western and Jewish experience **Christian-Muslim Relations. resulting intersections of cultures through recent scholarship related to death and dying in colonial Spanish America between the sixteenth and eighteenth centuries The authors address such important questions as What were the relationships between the worlds of the living and the dead How were these relationships sustained not just through religious dogma and rituals but also through everyday practices How was unnatural death defined within different population strata How did demographic and cultural changes affect mourning The variety of sources uncovered in the authors original archival research suggests the wide diversity of topics and approaches they employ Nahua annals Spanish chronicles Inquisition case records documents on land disputes sermons images and death registers Geographically the range of research focuses on the viceroyalties of New Spain Peru and New Granada The resulting records both documentary and archaeological offer us a variety of vantage points from which to view each of these cultural groups as they came into contact with others Much less tied to modern national boundaries or old imperial ones the many facets of the new historical research exploring the topic of death demonstrate that no attitudes or practices can be considered either Western or universal
