Ranger Man:

North American Galloway Herdbook American Galloway Breeders' Association, 1906 *Malcom! Malcom!* Steven Preston Shaw, 2021-08-17 It took a while twelve years to be exact to finally write the sequel to Malcom's Measure I've always kept an outline in my head despite getting requests for a sequel It just took some time to get the fever back and pick up pen to paper and begin what has turned out to be Malcom Malcom Malcom Crief's story had to be continued and to see how his measure in life turned out He was not perfect nor are any of us but he met up as a caring and full of gumption character where he went and whoever he met with His actions and unexpected actions led his life He learned and he failed but he always kept with his measure in life with determination He breathed he hoped and he believed in something of a higher power that helped his way which was Grace More emotions more situations more tugs of the heart Malcom Malcom will deliver to the reader and be transferred to the late eighteenth and early nineteenth centuries Annual Report Civil Service Commission of Canada, 1922

The Freebooters of the Wilderness Agnes Christina Laut, 2006-01-01 Well she asked are you going to straddle or fight How like a woman how like a child how typical of the outsider's shallow view of any struggle As if all one had to do was stand up and fight Mere fighting that was easy but to fight to the last ditch only to find yourself beaten That gave a fellow pause about bucking the challenge of everyday life Wayland punched both fists in the jacket pockets of his sage green Service suit and kicked a log back to the camp fire that smouldered in front of his cabin If she had been his wife he would have explained what a fool thing it was to argue that all a man had to do was fight Or if she had belonged to the general class women he could have met her with the condescending silence of the general class man but for him she had never belonged to any general class She savored of his own Eastern World he knew that though he had met her in this Western Back of Beyond half way between sky and earth on the Holy Cross Mountain Wayland could never quite analyze his own feelings Her presence had piqued his interest from the first When we can measure a character we can forfend against surprises discount virtues exaggerate faults strike a balance to our own ego but when what you know is only a faint margin of what you don't know a siren of the unknown beckons and lures and retreats She had all of what he used to regard as culture in the old Eastern life the jargon of the colleges the smattering of things talked about the tricks and turns of trained motions and emotions but there was a difference There was no pretence There was none of the fire proof self complacency Self sufficiency she had but not self righteousness Then most striking contra distinction of all to the old land culture there was unconsciousness of self face to sunlight radiant of the joy of life not anaemic and putrid of its own egoism She didn't talk in phrases thread bare from use She had all the naked unashamed directness of the West that thinks in terms of life and speaks without gloze She never side stepped the facts of life that she might not wish to know Yet her intrusion on such facts gave the impression of the touch that heals The Forest Ranger had heard the Valley talk of MacDonald the Canadian sheep rancher belonging to some famous fur trade clans that had intermarried with the Indians generations before

and Wayland used to wonder if it could be that strain of life from the outdoors that never pretends nor lies that had given her Eastern culture the red blooded directness of the West To be sure such a character study was not less interesting because he read it through eyes glossy as an Indian s under lashes with the curve of the Celt with black hair that blew changing curls to every wind Indian and Celt was that it he wondered reserve and passion self control and yet the abandonment of force that bursts its own barriers She had not wormed under the surface for some indirect answer that would betray what he intended to do She had asked exactly what she wanted to know with a slight accent on the you Are you going to straddle or fight Wayland flicked pine needles from his mountaineering boots He answered his own thoughts more than her question All very well to say fight fight for all the fellows in the Land and Forest Service when they see a steal being sneaked and jobbed But suppose you do fight and get licked and get yourself chucked out of the job Suppose the follow who takes your place sells out to the enemy well then where are you Lost everything gained nothing She laid her panama sunshade on the timbered seat that spanned between two stumps

The Injustice Never Leaves You Monica Muñoz Martinez,2018-09-24 From 1910 to 1920 Texan vigilantes and law enforcement killed ethnic Mexican residents with impunity Monica Mu oz Martinez turns to the keepers of this history to create a record of what occurred and how a determined community ensured that victims were not forgotten Remembering and retelling she shows can inscribe justice on a legacy of pain
