Rational Choice Theory Resisting Colonisation:

Rational Choice Theory Margaret S. Archer, Jonathan Q. Tritter, 2013-04-03 Rational Choice Theory is flourishing in sociology and is increasingly influential in other disciplines Contributors to this volume are convinced that it provides an inadequate conceptualization of all aspects of decision making of the individuals who make the decisions of the process by which decisions get made and of the context within which decisions get made The critique focuses on the four assumptions which are the bedrock of rational choice rationality the theory's definition of rationality is incomplete and cannot satisfactorily incorporate norms and emotions individualism rational choice is based upon atomistic individual decision makers and cannot account for decisions made by couples groups or other forms of collective action process the assumption of fixed well ordered preferences and perfect information makes the theory inadequate for situations of change and uncertainty aggregation as methodological individualists rational choice theorists can only view structure and culture as aggregates and cannot incorporate structural or cultural influences as emergent properties which have an effect upon decision making The critique is grounded in discussion of a wide range of social issues including race marriage health and education

Rational Choice Theory , On Sociology Second Edition Volume One John H. Goldthorpe, 2007 Looking to unify increasingly disparate areas of theory and research John Goldthorpe presents a new mainstream combining the demonstrated strengths of large scale quantitative research and the explanatory power of social action theory

Making our Way through the World Margaret S. Archer, 2007-06-14 How do we reflect upon ourselves and our concerns in relation to society and vice versa Human reflexivity works through internal conversations using language but also emotions sensations and images Most people acknowledge this inner dialogue and can report upon it However little research has been conducted on internal conversations and how they mediate between our ultimate concerns and the social contexts we confront In this book Margaret Archer argues that reflexivity is progressively replacing routine action in late modernity shaping how ordinary people make their way through the world Using interviewees life and work histories she shows how internal conversations guide the occupations people seek keep or quit their stances towards structural constraints and enablements and their resulting patterns of social mobility

Seduction in Popular Culture, Psychology, and Philosophy Martins, Constantino, Damásio, Manuel, 2016-08-15 Seduction is a complicated concept that is a part of the general human experience Despite the prevalence of seduction in our personal lives as well as within popular culture the concept has not been widely discussed and researched as an academic field *Seduction in Popular Culture Psychology and Philosophy* explores the concept of seduction and the many ways it can be

understood either as a social and individual practice a psychological trait or a schema for manipulation Taking a cross disciplinary approach this publication features research based chapters relevant to sociologists media professionals psychologists philosophers advertising professionals researchers and graduate level students studying in related areas

Race, Housing and Community Harris Beider,2012-03-12 This book provides an important new contribution to debates around housing policy and its impact on community cohesion There has never been a more prescient time to discuss these concepts the book provides an interpretation of housing race and community cohesion in a highly politicized and fluid policy context It is designed to initiate discussion and debate but this should not be esoteric and limited to a group of academics Rather the objective is to bridge academic and policy audiences in the hope that this fusion provides a basis for a new agenda to discuss these topics Race and community have been key features of social housing policy over the last 20 years with many high profile interventions from the proactive approach by the Housing Corporation to support black and minority ethnic housing associations to the influential Cattle Report documenting segregation in towns and cities following riots and the National Housing Federation led Race Housing Inquiry leading to sector wide recommendations to achieve equality However volume of policy interventions and reports has not been matched by academic outputs that co ordinate integrate and critically analyse race housing and community Housing Race Community Cohesion is the first systematic overview of race housing and community during this tumultuous period The material presented is robust and research based but also directly engages with issues around policy and delivery It is designed to reflect the interests both of the academic research community and policy makers on both sides of the Atlantic It is not rooted to specific policy interventions that could quickly date but instead focuses on developing new ways to analyse difficult issues that will help both students and practitioners now and in the future

The Routledge International Handbook of Economic Sociology Milan Zafirovski,2023-05-12 This handbook presents a systematic and comprehensive overview of economic sociology an exemplary interdisciplinary field which draws on theoretical frameworks and empirical findings from both economics and sociology to present a unique lens on the interdependence of the economy and society The handbook is arranged in four parts which together present the current state of the art of economic sociology as well as pointing toward future directions for research The first part outlines the theoretical foundations of economic sociology and its relations to other fields particularly with regard to other alternative approaches to economics and looks at conceptions and definitions of economic sociology vary The second part provides an overview of the historical development of economic sociology from classical political economy to the present day The third part explores the main problematics of economic sociology analyzing the economy in relation to particular social institutions the state ideology culture and art religion gender race ethnicity and more The fourth part focuses on the principal branches including sociology of the market industrial organization and work uncertainty distribution and inequality money and finance and the environment The stellar international cast of contributors is drawn from both economics and sociology therefore
