Randalls Round Eleanor Scott, 2025-01-01 The legendary collection of supernatural stories long revered for their pioneering influence on the genres of weird fiction and folk horror First published in 1929 Eleanor Scott's *Randalls Round* developed a cult following of horror and ghost story aficionados These nine stories all inspired by dreams tell of the uncanny and the supernatural occult rituals and otherworldly creatures malign forces and human madness Drawing comparison to masters of the genre such as M R James and E F Benson these tales have lost none of their chilling power [Damnable Tales](#) Richard Wells, 2021-09-02 This richly illustrated anthology gathers together classic short stories from masters of supernatural fiction including M R James Sheridan Le Fanu and Arthur Machen alongside lesser known voices in the field including Eleanor Scott and Margery Lawrence and popular writers less bound to the horror genre such as Thomas Hardy and E F Benson These are damnable tales selected and beautifully illustrated by Richard Wells They stalk the moors at night the deep forests cornered fields and dusky churchyards the narrow lanes and old ways of these ancient places drawing upon the haunted landscapes of folk horror a now widely used term first applied to a series of British films from the late 1960s and 1970s *Witchfinder General* 1968 *Blood on Satan's Claw* 1971 and *The Wicker Man* 1973 But as this collection shows writers of uncanny fiction were dabbling in the dark side of folklore long before These twenty two stories take the reader beyond the safety and familiarity of the town into the isolated and untamed wilderness Unholy rites witches curses sinister village traditions and ancient horrors that lurk within the landscape all combine to remind us that the shiny modern urban world might not have all the answers

Folk Gothic Dawn Keetley, 2024-02-01 *Folk Gothic* begins with the assertion that a significant part of what has been

categorised as folk horror is more accurately and usefully labelled as Folk Gothic Through the modifier folk Folk Gothic obviously shares with folk horror its deployment and frequent fabrication of diegetic folklore Folk Gothic does not share however folk horror s incarnate monsters its forward impetus across spatial and ontological boundaries and the shock and repulsion elicited through its bodily violence The author argues that the Folk Gothic as a literary televisual and cinematic formation is defined by particular temporal and spatial structures that serve to forge distinctly nonhuman stories In emphasising these temporal and spatial structures not literal folk and monsters the Folk Gothic tells stories that foreground land and things consequently loosening the grip of anthropocentrism *The Routledge Handbook to the Ghost Story* Scott Brewster, Luke Thurston, 2017-11-14 The Handbook to the Ghost Story sets out to survey and significantly extend a new field of criticism which has been taking shape over recent years centring on the ghost story and bringing together a vast range of interpretive methods and theoretical perspectives The main task of the volume is to properly situate the genre within historical and contemporary literary cultures across the globe and to explore its significance within wider literary contexts as well as those of the supernatural The Handbook offers the most significant contribution to this new critical field to date assembling some of its leading scholars to examine the key contexts and issues required for understanding the emergence and development of the ghost story
