**Physical connection -  
how it looks, smells, and feels**

**Emotional connection -  
how someone makes you feel,  
conversations, and support**

**All about satisfying  
your own desires**

**Long-term and enduring;  
it grows stronger over time**

**Short-term and intense;  
it fades quickly**

**About putting the other  
person first**

**Often based on superficial  
qualities like looks, status,  
and material possessions**

**Based on deeper qualities  
like character, personality,  
and values**

**Passionate and exciting,  
like a rollercoaster ride**

**Compassionate and  
comforting, like a warm hug**

## Love Is:

**Real Love Is "For Real"** Pam Heil, 2017-10-27 If you believe in love you can make it happen Through the use of stories and insights you can discover practical ways to create a healthy dating relationship and to grow in self worth This honest and heartfelt book is written in three sections The Ideal The Struggles and The Plan The first makes the seemingly impossible possible by reflecting on the ideal of authentic love and citing real examples from our world The second section candidly addresses the challenges the struggles and the confusion associated with sex dating and love In the third section The Plan outlines practical suggestions to assure that all of your relationships are healthy and to help you date wisely Family life is imploding and this book can be a catalyst to change the world one relationship at a time **Love Is a Story** Robert J.

Sternberg, 1999-06-03 In this groundbreaking work Robert Sternberg opens the book of love and shows you how to discover your own story and how to read your relationships in a whole new light What draws us so strongly to some people and repels us from others What makes some relationships work so smoothly and others burst into flames Sternberg gives us new answers to these questions by showing that the kind of relationship we create depends on the kind of love stories we carry inside us Drawing on extensive research and fascinating examples of real couples Sternberg identifies 26 types of love story including the fantasy story the business story the collector story the horror story and many others each with its distinctive advantages and pitfalls and many of which are clashingly incompatible These are the largely unconscious preconceptions that guide our romantic choices and it is only by becoming aware of the kind of story we have about love that we gain the freedom to create more fulfilling and lasting relationships As long as we remain oblivious to the role our stories play we are likely to repeat the same mistakes again and again But the enlivening good news this book brings us is that though our stories drive us we can revise them and learn to choose partners whose stories are more compatible with our own Quizzes in each chapter help you to see which stories you identify with most strongly and which apply to your partner Are you a traveler a gardener a teacher or something else entirely Love is a Story shows you how to find out **Love Is Dark, Vol. 2** Ao
