Williams, 1992-05-27 The Encyclopedia of Microcomputers serves as the ideal companion reference to the popular Encyclopedia of Computer Science and Technology. Now in its 10th year of publication this timely reference work details the broad spectrum of microcomputer technology including microcomputer history, explains and illustrates the use of microcomputers throughout academe, business, government, and society in general, and assesses the future impact of this rapidly changing technology. Goddard Conference on Mass Storage Systems and Technologies Ben Kobler, P. C. Hariharan, 1993 *Scientific Information Bulletin*, 1990 **Advances in Rapid Thermal and Integrated Processing** F. Roozeboom, 1996-03-31 Rapid thermal and integrated processing is an emerging single wafer technology in ULSI semiconductor manufacturing, electrical engineering, applied physics, and materials science. Here the physics and engineering of this technology are discussed at the graduate level. Three interrelated areas are covered: First, the thermophysics of photon-induced annealing of semiconductor and related materials, including fundamental pyrometry and emissivity issues, the modelling of reactor designs and processes, and their relation to temperature uniformity. Second, process integration, treating the advances in basic equipment design, scale-up, integrated cluster tool equipment, including wafer cleaning and integrated processing. Third, the deposition and processing of thin epitaxial dielectric and metal films, covering selective deposition and epitaxy, integrated processing of layer stacks, and new areas of potential application, such as the processing of III-V semiconductor structures and thin film head processing for high density magnetic data storage. **GLOBECOM '92** IEEE Communications Society, 1992 **Science and Technology Annual Reference Review**, 1990 **Goddard Conference on Mass Storage Systems and Technologies, Volume 1**, 1993 **Electronic Design**, 1988 **VLSI Implementation of a Viterbi Detector for Hard Disk Drives** Pablo Alejandro Ziperovich, 1992 **International Symposium on Information Storage and Processing Systems**, 1998 **Proceedings of the ...
