**Everything** Micah Berteau,2019-09-03 We all crave love We try to fill the void inside with any number of poor substitutes We seek validation from empty outlets We re thirsty for compliments We change who we are to impress people who aren t looking and don t care Yet we are still desperately searching for a love that changes everything for us a love that doesn t fade and doesn t fail even when we do That s the kind of love God shows that he has for us through the remarkable story of Hosea and Gomer Unpacking this powerful love story from the Old Testament in a way you have never heard pastor Micah Berteau releases us from the fears hurts insecurities and anxieties of life by showing us just how extravagantly we are loved in spite of our faults our failures and our sins If you re tired of trying so hard to be worthy of someone else s love lost in what s fake or drawn to live in the temporary Micah Berteau has good news for you there is a better way to live and love Foreword by Jentezen Franklin **As I Grow Through Love Changes** Janesa Beal,2010-11-11 This story is about some of my personal experiences of love changes beginning with first love on through maturity into spiritual love I ve weathered through the experience of infidelity loss of a love through drug abuse and adultery and the emotional roller coaster that comes along with each experience I discuss how one can be mislead by the feelings of the heart if it does not work in conjunction with the logic of the mind I ve not only expressed the up s and down s of each situation in a story but I ve expressed the emotions poetically as they occurred I went onto discuss as story progresses the learning experience that comes through these love changes as one matures In which one finally realizes that love begins when you have an understanding of yourself and make Jesus first in your life You will then have the desires of your heart fulfilled **Blue Cat 7. *Achievement* Bill Wilson,2022-12-06 In his previous book Faith Refractioned the author suggested that faith needs to be

periodically refracted by looking at it through the lens of our prevailing understanding of the world For our fathers this was the world of supernatural beings and mystical powers For us today it is the world of science and reason and faith will only reveal its true beauty when refracted through this prism In this book the author addresses an argument made by religious traditionalists which says that without God or gods there can be no morality He outlines how morality can be explained as a natural phenomenon how it helps humanity survive and thrive and how it can be encapsulated within the framework of a moral compass The author observes that for our forefathers morality was obedience to the laws of God But with the belief in God in sharp decline in most of the Western world morality either doesn't exist or it is somehow part of our evolved nature Accordingly through much trial and error an almost global consensus has been achieved about the elements of a moral code But this consensus is fragile and demands constant nurturing if it is to withstand the pressures of modern high speed living
