Magic Lamp:

Who Pooh Poohed in Your Magic Lamp? R. Jeannie Self, 2011-10-20 Who Pooh Poohed in Your Magic Lamp R Jeannie was searching to find the truth to Who am I And Man Know Thyself She also had a burning desire to Know the Truth that will set you Free Her quest was not unique but even she was not fully prepared for the enlightenment that she is now sharing with you She has found the answers to these questions and more She scoured The Holy Bible the dictionary and the web to gain insight and inspiration as she dissected many powerful words and their divinely inspired meanings and intentions She has discovered and is now sharing information that may cause you to cry and shake in your boots just as she did R Jeannie looked up Genius and found it meant Genie an attendant spirit allotted to each person at his birth to attend a person through his life This took her to the story of Aladdin and its hidden truths Going to the dictionary again she found that I means Ego and this led her to the Truth that will set You Free She knows that she could not have written this book by herself she felt divinely inspired She has unraveled it not written it and the truths have been benevolently revealed to her With Bible and dictionary in hand she will take you step by step unfolding how the story myth about Aladdin A lad in his magic lamp contains hidden truths about Jesus and his mission here on earth She will show that we all have a magic lamp and a Genie within us We are the Lamp and your Genie is the light of Christ given to be within every person ever born Accept your God given heritage grasp this gift and become whole

The Practice of Magical Evocation Franz Bardon, 2014-07-28 Throughout the ages and primarily during the past few centuries many lengthy dissertations have been published on the art of higher magic Unfortunately they are for the most part such bewildering and incomplete remnants that very little of it can be taken as a point of reference for practical studies and this only in small fragments The original initiative for magic was known only to a very few lodges and was reserved for a particularly chosen few while for the seekers of truth who searched diligently for any information this subject matter remained dark and mysterious Various religions during the Middle Ages were severely hostile towards any magical knowledge In our history the most prominent examples are the well known Inquisitions Later in modern times magic was regarded as mere superstition and any person who showed some inclination toward this knowledge let alone one seriously concerned himself with the study of magic was regarded as a fool and was ridiculed In the past mystical and other sects maligned magic to such a degree that the word magic has to this very day an extremely dubious reputation And any person who has had an appreciation or understanding for magical knowledge has been pilloried as a black magician In reality true magic was initially taught in the ancient schools of the prophets and then only in the highest circles However only a few select insiders had access to these institutions In those days only a few books occasionally disclosed scant bits of information about true magic These books were deliberately written in such a way that they would disclose little or nothing even to the most astute reader and hence they would not give the seeker of truth a complete understanding of the subject of magic In accordance with the ancient Egyptian Mysteries the magic of the second Tarot card

is represented by the High Priestess Franz Bardon the author of *The Practice of Magical Evocation* gladly continues to guide the serious diligent reader and student of magic along the proper path as long as this person is devoid of any fanatical religious beliefs and erroneous ideology Furthermore this person has to be prepared to penetrate further into the mysteries of the knowledge of magic or the Hermetic sciences As in Franz Bardon s first book *Initiation into Hermetics* Bardon endeavors to keep the language of this second volume in a style that is understandable to everyone The subject matter of the magic of evocation is among the least known and least investigated branches of the art and therefore Bardon makes certain that every person who reads this book will become completely familiar with this subject matter not only in theory but above all with the practice if he so chooses It is important however that the reader know that he will not achieve any results with the practice of magical evocation unless he has successfully completed Step VIII at the very least of Franz Bardon s first book *Initiation into Hermetics* which is a description of the first tarot card the Magician Should Franz Bardon be successful in assisting the reader who has successfully completed the entire practical part of his first book to achieve the same good results with this one then Bardon has achieved his objective Those readers who initially study the secret sciences only theoretically will find in this work a satisfactory broadening of their knowledge
