Maigret Afraid:

Maigret Is Afraid Georges Simenon, 2017-11-07 A writer as comfortable with reality as with fiction with passion as with reason John Le Carr Maigret stumbles upon a series of murders in Fontenay le Comte while visiting an old school friend On his way home from a conference Maigret stops to visit an old school friend in Fontenay le Comte A man in the same train car introduces himself and asks if Maigret has come to help solve the murder case In fact the man's brother in law had been murdered four days earlier followed by the murder of a local widow in the same way a blow to the head with a pipe While Maigret is in town a third murder is reported Maigret soon discovers that there are two warring factions in the town a clear class separation and an air of suspicion that only he can put to rest

Maigret Is Afraid (Inspector Maigret) Georges Simenon, 2026-11-03 A spate of murders sends shock waves through a small rainswept town where unfortunately for the killer Maigret happens to be passing through Traveling back from a police congress in Bordeaux Maigret stops off to see his friend the investigating magistrate of the small town of Fontenay Le Comte In the past three days the inspector's friend tells him two locals have been bludgeoned to death On the scene by sheer coincidence Maigret would rather not get involved until a third murder occurs and public unrest threatens to reach a flash point The townsfolk believe the clannish ruling elite is shielding certain figures from investigation and Maigret is inclined to agree Fearing a miscarriage of justice he sets out to learn the truth however socially inconvenient or disturbing In gray windswept Fontenay emotions are already hovering on a knife's edge before the anonymous notes start arriving But is the writer trying to facilitate or obstruct justice A dark and atmospheric tale of local tensions and tormented minds Maigret Is Afraid is an unmissable foray into small town evil for Georges Simenon's iconic detective

Investigating Simenon Russell Campbell, 2022-10-04 For nearly a century the work of Belgian crime writer and psychological novelist Georges Simenon creator of Chief Inspector Maigret has captivated readers worldwide This investigation situates Simenon's work in its historical context and interprets it as a reaction to shifting gender relations in Western society Simenon's compelling narratives capture the anxieties of men whose patriarchal position was under threat in an era of insurgent feminist movements These concerns are also evident in Simenon's pervasive preoccupation with sexuality as well as his political stance that stems from his petit bourgeois upbringing This groundbreaking study includes interwoven commentary on all 191 novels Simenon published under his own name including several that have never been translated into English as well as a number of short stories and several pseudonymous works
