Merchant Of Murder:

George Barnwell, Or, The Merchant's Clerk Thomas Skinner Surr, 1845 **A History of Murder** Pieter Spierenburg, 2013-04-18 This book offers a fascinating and insightful overview of seven centuries of murder in Europe. It tells the story of the changing face of violence and documents the long-term decline in the incidence of homicide. From medieval vendettas to stylised duels from the crime passionnel of the modern period right up to recent public anxieties about serial killings and underworld assassinations, the book offers a richly illustrated account of murder's metamorphoses. In this original and compelling contribution, Spierenburg sheds new light on several important themes. He looks, for example, at the transformation of homicide from a private matter followed by revenge or reconciliation into a public crime, always subject to state intervention. Combining statistical data with a cultural approach, he demonstrates the crucial role gender played in the spiritualisation of male honour and the subsequent reduction of male on male aggression, as well as offering a comparative view of how different social classes practised and reacted to violence. This authoritative study will be of great value to students and scholars of the history of crime and violence, criminology, and the sociology of violence. At a time when murder rates are rising and public fears about violent crime are escalating, this book will also interest the general reader intrigued by how our relationship with murder reached this point. *Hub: Deeds* Robert L. Collins, 2020-09-01 The races and domains have created the town of Hub as a place for them to negotiate with each other. Hub sits on the border of the Elven Holding and the human Kingdom of Flint Plains. A struggle over succession is underway in the Goblin Empire. Two Princes aim to follow the aging Emperor. To gain favor, they plot against other lands. The unity being built by Duncan of Salt Bay and his friends and allies will stand against these schemes. The other races and domains must come to each other's aid. Magic and intelligence can combine to stop this threat to peace and prosperity. Far away, a Ship's Master from Salt Bay has to prove to the humans of one land that others no longer seek to conquer them. Will world events convince them of everyone's honest intentions. **Murder in Mississippi** Howard Ball, 2004 Few episodes in the modern civil rights movement were more galvanizing than the 1964 brutal murders of Michael Schwerner, Andrew Goodman, and James Chaney. As we approach the 40th anniversary of the murders in June 2004, *Murder in Mississippi* provides a timely and telling reminder of the vigilance democracy requires if its ideals are to be fully realized. *The Complete Works of Henry Fielding, Esq: Miscellaneous writings* Henry Fielding, William Ernest Henley, 1902 *Civil statutes, tit. 71-136.
