## **Metaphysical Personalism:**

**Personalism and Metaphysics** Juan Manuel Burgos, 2023-07-05 Personalism seeks to understand the person in its richness complexity and unity and to achieve this goal it has developed a rich and solid anthropology as well as an ethic of the person that is having repercussions in the philosophical and sociopolitical sphere But what is the value of this philosophy Does it offer a mere description of the reality of a phenomenological type or does it penetrate to the bottom of what exists offering its intelligible essence Does it offer an ultimate explanation of the person or is her vision subordinated to a deeper and more decisive one that would correspond to metaphysics To answer these questions the author an international expert in personalist philosophy first defines the various meanings in which the term metaphysics can be understood and secondly does a comparison between personalism in particular integral Personalism and the metaphysics of being The analysis concludes that personalism can be considered a first sectoral philosophy that is a philosophy that does not need other philosophical referents to establish itself as a philosophy thanks to its direct access to experience where the person is found This conclusion is based on the epistemology of integral experience and imposes a review of the traditional role of metaphysics and its connection with anthropology in general and Personalism in particular *The Philosophy of Personalism* Albert Cornelius Knudson, 1927 *An Introduction to Personalism* Juan Manuel Burgos, 2018-02-09 Much has been written about the great personalist philosophers of the 20th century including Jacques Maritain and Emmanuel Mounier Martin Buber and Emmanuel Levinas Dietrich von Hildebrand and Edith Stein Max Scheler and Karol Wojtyla later Pope John Paul II but few books cover the personalist movement as a whole An Introduction to Personalism fills that gap Juan Manuel Burgos shows the reader how personalist philosophy was born in response to the tragedies of two World Wars the Great Depression and the totalitarian regimes of the 1930s Through a revitalization of the concept of the person an array of thinkers developed a philosophy both rooted in the best of the intellectual tradition and capable of dialoguing with contemporary concerns Burgos then delves into the potent ideas of more than twenty thinkers who have contributed to the growth of personalism including Romano Guardini Gabriel Marcel Xavier Zubiri and Michael Polanyi Burgos s encyclopedic knowledge of the movement allows for a concise and well rounded perspective on each of the personalists studied An Introduction to Personalism concludes with a synthesis of personalist thought bringing together the brightest insights of each personalist philosopher into an organic whole Burgos argues that personalism is not an eclectic hodge podge but a full fledged school of philosophy and gives a dynamic and rigorous exposition of the key features of the personalist position Our times are marked by numerous and often contradictory ideas about the human person An Introduction to Personalism presents an engaging anthropological vision capable of taking the lead in the debate about the meaning of human existence and of winning hearts and minds for the cause of the dignity of every person in the 21st century and beyond **Ethical Personalism** Cheikh Mbacke Gueye, 2013-05-02 Ethical Personalism proposes to reflect on the person from at least three

levels ontology epistemology and ethics Articulating from various philosophical and religious angles and traditions the ontological and inalienable value of the human person i e her dignity the contributors to this volume show not just what it means to be a human person but also what it takes to live accordingly Hence beyond the purely theoretical elaboration on ethical personalism that reposes the crucial debates between relativism and realism on the one hand and consequentialism and deontology on the other hand this volume offers a range of insights useful for addressing concrete and practical matters that we as humans are confronted in our everyday life With the call back to the person which takes roots from a deep conviction to bring into light the value of the person Ethical Personalism unequivocally affirms the necessity of re placing the person in the centre of our project of society economic plans political settings and environment policies The Philosophy of Personalism Albert Cornelius Knudson,1949 **Metaphysical Personalism** Charles C. Conti,1995 How can we or should we talk about God What concepts are involved in the idea of a Supreme Being This book is about the search for an adequate modern metaphysics to support theism It focuses on the work of one of the most outstanding philosophers of religion of this century Austin Farrer Warden of Keble College Oxford until his death in 1968 Farrer was by common consent one of the most brilliant minds of his time and arguably England s most original thinker this century Farrer initially argued for the existence of God using the perfectibility of being and cause effect thinking but his recognition of the philosophical problems inherited from the logico metaphysics of Aristotle Aquinas and Descartes forced him to reconsider the method involved in knowing or describing God The result was a dramatic reformulation of the logic of theism a theological methodology built on natural premises specifically personalist metaphysics Metaphysical Personalism Charles Carl Conti,1995 **John Grote, Cambridge University and the Development of Victorian Thought** John Richard Gibbins,2013-10-07 John Grote struggled to construct an intelligible account of philosophy at a time when radical change and sectarian conflict made understanding and clarity a rarity This book answers three questions How did John Grote develop and contribute to modern Cambridge and British philosophy What is the significance of these contributions to modern philosophy in general and British Idealism and language philosophy in particular How were his ideas and his idealism incorporated into the modern philosophical tradition Grote influenced his contemporaries such as his students Henry Sidgwick and John Venn in both style and content he forged a brilliantly original philosophy of knowledge ethics politics and language from a synthesis of the major British and European philosophies of his day his social and political theory provide the origins of the new liberal ideas later to reach their zenith in the writings of Green Sidgwick and Collingwood he founded the Cambridge style associated with Moore Russell Broad McTaggart and Wittgenstein and he was also a major influence on Oakeshott *The Personalist* ,1928 **German Political Philosophy** Chris Thornhill,2007-01-24 This book combines philosophical intellectual historical and political theoretical methodologies to provide a new synoptic reading of the history of German political philosophy Incorporating chapters on the political ideas of Luther and Zwingli on the politics of the early Enlightenment on Idealism on

Historicism and Lukács on early Twentieth Century political theology on the Frankfurt School and on Habermas and Luhmann the book sets out both a broad and a detailed discussion of German political reflection from the Reformation to the present In doing so it explains how the development of German political philosophy is marked by a continual concern with certain unresolved and recurrent problems It claims that all the major positions address questions relating to the origin of law that all seek to account for the relation between legal validity and metaphysical and theological superstructures and that all are centred on the attempt to conceptualise and reconstruct the character of the legal subject

**The Personalism of Edith Stein** Robert McNamara, 2023-11-24 Outgrowth of the author's thesis doctoral Liverpool Hope University 2018 under the title Edith Stein's engagement with the thought of Thomas Aquinas in her mature philosophy of the human person

**The Philosophy of Personalism** Albert C. Knudson, 1928

**John Grote** Lauchlin D. MacDonald, 2012-12-06 An objective of this book is to discuss some of the contributions made by John Grote to philosophy This work is an extension of a dissertation written for the doctorate at Boston University The author wishes to acknowledge the invaluable assistance in many places to Professor Peter A Bertocci and the late Professor Edgar S Brightman both of whom read the entire manuscript in its original form Also the author acknowledges the encouraging interest and support of his wife Helen whose many suggestions have improved the writing and without whose assistance this work would not have been accomplished The author assumes complete responsibility for whatever errors or deficiencies appear in the book All known writings of Grote are listed and the more important ones analyzed

LAUHLIN D MACDONALD CHAPTER I INTRODUCTION 1 JOHN GROTE'S LIFE i Sketch of his life John Grote will remain best known by reason of the thought formulated in the *Exploratio Philosophica* or *Rough Notes on Modern Intellectual Science* To the philosophical world of his own time he was well known as the teacher who ably held the chair of Moral Philosophy in the University of Cambridge from 1855 until the year of his death 1866 to the Knightbridge Professor William Whewell whose in succession *Philosophy of Science* is the subject of at least one chapter of the *Exploratio Philosophica* Grote's birthplace was Beckenham in Kent and the date May 5 1813

**Personalism** Borden Parker Bowne, 1908 *Personalism* by Borden Parker Bowne first published in 1908 is a rare manuscript the original residing in one of the great libraries of the world This book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation Restoration Editors mission is to bring long out of print manuscripts back to life Some smudges annotations or unclear text may still exist due to permanent damage to the original work We believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it

**Personalism** Borden Parker Bowne, 2015-06-16 Excerpt from *Personalism* Early in the last century M Comte the founder of French positivism set forth his famous doctrine of the three stages of human thought Man begins he said in the theological stage when all phenomena are referred to wills either in things or beyond them After a while through the discovery of law the element of caprice and arbitrariness and thus of will is ruled out and men pass to the second or

metaphysical stage Here they explain phenomena by abstract conceptions of being substance cause and the like But these metaphysical conceptions are really only the ghosts of the earlier theological notions and disappear upon criticism When this is seen thought passes into the third and last stage of development the positive stage Here men give up all inquiry into metaphysics as bootless and content themselves with discovering and registering the uniformities of coexistence and sequence among phenomena About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**Bonhoeffer and King** James Deotis Roberts,2005-01-01 A study of two of the most significant prophetic leaders in the twentieth century J Deotis Roberts sBonhoeffer and Kingis an instructive work in theological ethics This book considers and compares the theological reflections that guided Bonhoeffer s courageous stand against Nazism and King s quest for civil rights in America

**Metaphysical Personalism** Charles C. Conti,1995 How can we or should we talk about God What concepts are involved in the concept of a Supreme Being This study is about the search to reconcile modern metaphysics with traditional theism focusing on the work of Austin Farrer who was Warden of Keble College Oxford

**The Texture of Being** Kenneth L. Schmitz,2007-03 Diverse in topics yet unified in purpose this volume brings together Schmitz s penetrating and rich insight into being produced over many years to offer readers a magisterial study from one of the great Christian philosophers of our time

Personalism (Classic Reprint) Borden Parker Bowne,2017-09-16 Excerpt from Personalism The aim of these lectures is to show that critical re ection brings us back again to the personal metaphysics which Comte rejected We agree with him that abstract and imper sonal metaphysics is a mirage of formal ideas and even largely of words which begin con tinue and end in abstraction and confusion Causal explanation must always be in terms of personality or it must vanish altogether Thus we return to the theological stage but we do so with a difference At last we have learned the lesson of law and we now see that law and will must be united in our thought of the world Thus man s earliest metaphysics reemerges in his latest but enlarged enriched and purified by the ages of thought and experience About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**A Bibliography of Character and Personality** Abraham

Aaron Roback, 1927

When people should go to the book stores, search commencement by shop, shelf by shelf, it is in fact problematic. This is why we present the books compilations in this website. It will completely ease you to see guide **Metaphysical Personalism** as you such as.

By searching the title, publisher, or authors of guide you in reality want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best area within net connections.
