## **Messages From Beyond The Second:**

*Messages from Beyond, the Second Book* James P. R. Mason, 1999 This book combines the simple spiritual principles of love with sound up to date daily information to help readers understand this mysterious universe It is hoped that this book will help inspire and comfort and deeply enlighten those who have suffered the lose of loved one After Masons wife passed away in 1992 he has continued his relationship with her through meditation periods and verbal conversations on a daily basis This has led to him communicating with angels and archangels These communications between Jim and Alma with angels with archangels with other high spirit entities and what this networking has led to are what Messages from Beyond is all about *The Message Beyond Words: The Illusion of Death and the Reality of Living: Talks on the Kathopanishad*

Osho, 2025-04-10 The Message beyond Words is an invitation to understand what death really is and thus transform the way you live These talks are based on the ancient Kathopanishad which tells the story of a small boy Nachiketa who is sent by his father to face the Lord of Death This Upanishad is traditionally read as someone is dying to inspire the people they love the people who are present to begin their search for a conscious life By exploring the methods described in this book a person frozen in their fear of death can melt flow and really begin to live for the first time Once you really face your fears about death says Osho your life will automatically transform and become conscious joyful and silent Osho defies all categorization As he says I am not much of a religious person I am not a saint I have nothing to do with spirituality All those categories are irrelevant about me You cannot categorize me you cannot pigeonhole me But one thing can be said that my whole effort is to help you release the energy called love intelligence If love intelligence is released you are healed **Cracking the TASC**
