International Conference on Water Resource and Environmental Protection , 2014-07-23

The 2014 International Conference on Water Resource and Environmental Protection WREP2014 aims to bring researchers engineers and students to the areas of Water Resource and Environmental Protection WREP2014 features unique mixed topics of Water Resource and Environmental Protection in the context of building healthier ecology and environment The conference will provide a forum for sharing experiences and original research contributions on those topics Researchers and practitioners are invited to submit their contributions to WREP2014 This proceeding tends to collect the up to date comprehensive and worldwide state of art knowledge on water resource and environmental protection All of accepted papers

were subjected to strict peer reviewing by 24 expert referees The papers have been selected for this proceedings based on originality significance and clarity for the purpose of the conference The selected papers and additional late breaking contributions to be presented will make an exciting technical program on WREP2014 conference The conference program is extremely rich featuring high impact presentation We hope this conference will not only provide the participants a broad overview of the latest research results on water resource and environmental protection but also provide the participants a significant platform to build academic connections

"*Art in the North of England, 1979-2008*" GabrielN. Gee, 2017-07-05
Based on rare archival material and numerous interviews with practitioners *Art in the North of England 1979-2008* analyses the relation between political and economic changes stemming from the 1980s and artistic developments in the principal cities of the North of England in the late 20th century Looking in particular at the art scenes of Liverpool Manchester Leeds Sheffield and Newcastle Gabriel Gee unveils a set of powerful aesthetic reactions to industrial change and urban reconstruction during this period on the part of artists including John Davies Pete Clarke the Amber collective Richard Wilson Karen Watson Nick Crowe Ian Rawlinson John Kippin and the contribution of organisations such as Projects UK Locus East Street Arts the Henry Moore Sculpture Trust and the Bluecoat Gallery in Liverpool While the geographical focus of this study is highly specific a key concern throughout is the relationship between regional national and international artistic practices and identities Of interest to all scholars and students concerned with the developments of British art in the second half of the 20th century the study is also of direct pertinence to observers of global narratives which are here described and analysed through the concept of trans industriality
