Moses as a Character in the Fourth Gospel

Stanley Harstine,2002-10-01 Did first century Mediterranean readers of the Fourth Gospel have comparable literary examples to inform their comprehension of Moses as a character In addressing this question Harstine s study falls into two parts The first is an analysis of the character Moses as utilized in the text of the Fourth Gospel The second is an examination of other Hellenistic narrative texts in which the character of Homer is also considered as another important legendary figure with whom the readers of the Fourth Gospel would have been familiar *Gentiles in the Gospel of Mark* Kelly

Iverson,2007-01-10 This groundbreaking study argues that in the Gospel of Mark Gentiles are recipients of Jesus compassion and are typically depicted as desperate individuals who exhibit faith and understanding Mark s arrangement of the sequence of Gentile episodes is progressive and envisions a theological reversal in the kingdom of God a re prioritization in the proclamation of the gospel message that coincides with the death of Jesus After receiving Gentiles in the Jewish homeland 3 7 12 the Markan Jesus initiates four excursions into Gentile territory The first journey 5 1 20 is preparatory and opens the door for future ministry in Gentile regions Jesus symbolically cleanses the land and the healed demoniac becomes the first missionary to Gentiles The second journey 6 45 52 ends prematurely when the disciples fail to understand the Gentile mission leading inexorably to the third journey where the relationship between Jews Gentiles and the kingdom of God becomes the focal point of the narrative Although the Jews are first the Gentiles are not excluded from the kingdom On the fourth journey the reader senses a subtle re prioritization in the kingdom as an event on Gentile soil occurs before its parallel counterpart on Jewish soil reversing an established narrative pattern in Jesus ministry Iverson shows how the theological reversal gains clarity when the narrative shifts to Jerusalem The tearing of the temple curtain marks the dawn of a new era and links the temple and Gentile themes Through Jesus obedient self gift he becomes the new temple providing universal access to God for all people s depiction of the centurion is a narrative signal that the kingdom has been passed to Gentiles according to the divine plan The Jews have not been excluded any more than the Gentiles were when Israel was first Mark s theological reversal looks proleptically beyond the story line to the completion of the Gentile mission by the followers of Jesus

William Shakespeare's Twelfth Night Ratri Ray,2006 The Present Book Aims At Making Shakespeare S The Merchant Of Venice More Comprehensible To The Common Reader Beginning With The Life And Works Of Shakespeare The Book Provides A Scene Wise Critical Summary Of The Play So That As The Reader Casts His Eyes Over Them He Becomes Familiar With The Common Critical Views About The Individual Scenes Themselves It Has Numerous Citations From The Text So That Even If The Reader Is Not Familiar With It He Will Have A Chance Of Reading Shakespeare S Poetry The Analyses Of The Different Elements Of Drama Are Accompanied With The Views Of Renowned Critics This Latter Feature Makes The Book All The More Useful To Teachers As Well As Students Along With The Recent Critical Views The Classical Theories About Comedies As Well As Elizabethan Conventions Have Been Lucidly And Briefly Explained So That The Student May Not Find Any Difficulty In Understanding Them A Brief Analysis According To Classical Sanskrit Dramaturgy Has Also Been Included

Important Questions Have Also Been Given So As Help In Further Consideration Of Literary Text A Select Bibliography And Index Completes The Book The Book Is Highly Readable Self Contained And Comprehensive It Will Undoubtedly Prove An Invaluable Reference Book To Both Students And Teachers Of English Literature **Otherness and Identity in the**

Gospel of John Sung Uk Lim,2020-12-23 In this book Sung Uk Lim examines the narrative construction of identity and otherness through ongoing interactions between Jesus and the so called others as represented by the minor characters in the Gospel of John This study reconfigures the otherness of the minor characters in order to reconstruct the identity of Jesus beyond the exclusive binary of identity and otherness The recent trends in Johannine scholarship are deeply entrenched in a dialectical framework of inclusion and exclusion perpetuating positive portrayals of Jesus and negative portrayals of the minor characters Read in this light Jesus is portrayed as a superior omniscient and omnipotent character whereas minor characters are depicted as inferior uncomprehending and powerless At the root of such portrayals lies the belief that the Johannine dualistic Weltanschauung warrants such a sharp differentiation between Jesus and the minor characters Lim argues to the contrary that the multiple constructions of otherness deriving from the minor characters make Jesus identity vulnerable to a constant process of transformation Consequently John s minor characters actually challenge and destabilize Johannine hierarchical dualism within a both and framework *Translation and interpreting as communication: Issues and perspectives* Binhua Wang,Chonglong Gu,2023-05-12 Studies in the Biological Sciences University of Minnesota,1913
