**The Miracle Boy** Patrick Irelan, 2013 Living with miracles is not as easy as people think A boy walks on water but that is perhaps the simplest miracle of all in this collection of engaging short stories full of both everyday and far out miracles Some real some hopeful Love and travel as well as wit and humor spice these tales of wishful wonder P 4 of cover [Miracle Boy](#) Shahid Inayet, 2024-08-29 Is it a miracle or a coincidence when an 11 year old boy is able to solve a mystery too complex for NASA scientists What if it happens twice or thrice These questions mark the beginning of problems for Victor who is torn between accepting the boy's miracles and finding a logical explanation with his knowledge of deep space As the miracles appear more often the boy finds himself stuck in the role of an evangelist something that he did not ask for something that might even get him killed *Miracle Boy* Isiah Grayer Jr., 2010-12 This true story is about a teenage boy who with his brothers was brutally attacked in 2005 He tells his story of recovery to teach powerful lessons about forgiveness love faith family hope and dreams It is his personal mission to teach people that they can be more than they imagine if they'll only believe The discussion guide in the book is geared toward family church or school groups ages 10-100 [New Stories from the South](#) Shannon Ravenel, 1999-01-01 Stories by writers with Southern backgrounds deal with the modern problems of life in the South **This and That** Ann Marie Romero, 2024-10-15 The author of this anthology of poetry and stories captures a lifetime of meaningful reflections from childhood to older adulthood It retells life's challenges and triumphs navigated through an unconditional ultimate faith in God Poems expressing gratitude love and the joy of motherhood and marriage will inspire the reader to appreciate the simple pleasures that contribute to lasting happiness and meaning in life The writer discovered early in life a talent to write creatively in addition to singing which endeared others to admire her tremendously Wondering what the ladybug might be thinking of to discovering the value of enrolling in an assertion class to learn how to express Assertive Refusals are spices to flavor and reassert a life of self-determination The Bible on the bookshelf in the home reminds everyone of their duty to honor one's commitments and help repair a fractured world The poetry and stories in this book mirror a life worthy of ultimate respect and love which is why it is preserved for all to learn and appreciate **Outlook**, 1928 [Writing West Virginia](#) Boyd Creasman, 2024-01-12 With their stirring depictions of a proud people striving for fulfillment in a land of natural beauty and economic hardship West Virginia authors have produced a body of work that is worthy of study and of celebration In *Writing West Virginia* Boyd Creasman examines the fiction and poetry of eight accomplished writers Davis Grubb Mary Lee Settle Breece D J Pancake Denise Giardina Irene McKinney Ann Pancake Jayne Anne Phillips and Pinckney Benedict who exemplify the rich but often overlooked literary heritage of the Mountain State Creasman identifies the varied ways in which these writers have grappled with the dynamics of place socioeconomic class and gender For Settle this expression has taken the form of historical novels chronicling the development of the state from its British settlement to the rise of the coal industry and the creation of a wealthy industrial class For other authors the

struggle against poverty and lack of opportunity has been a central concern From the male protagonists of Grubb and Breece Pancake searching for ways to assert their masculinity when they cannot find gainful employment to the strong independent women of McKinney Giardina and Ann Pancake the characters in West Virginia literature have fought to transcend the challenges and limitations of living in the most Appalachian of states In the recent fiction of Phillips and Benedict elements of magical realism and fantasy are employed to create the possibility of transcendence for their characters shifting the focus from landscape to dreamscape and thereby suggesting exciting new directions for Appalachian literature Despite the remarkable talent of these writers only a handful of book length critical studies have focused on them and none have considered them as a group Writing West Virginia helps fill this gap in literary scholarship while opening up new paths for further exploration Boyd Creasman is a professor of English and vice president for academic affairs at West Virginia Wesleyan College where he won a number of teaching awards and taught Appalachian literature for fifteen years He has published scholarly articles in journals such as Studies in Humanities Studies in Short Fiction and Appalachian Journal
