Miscellany Of Men:

A Miscellany of Men Gilbert Keith Chesterton,1930 Every new volume of Chesterton s essays seems more brilliant breezily humorous and astonishingly clever than the last Nor must one hastily conclude that the author is not profound because he is constantly witty and frequently funny On the contrary he reasons admirably and sees keenly and justly And this combination of snap and sparkle with underlying solid sense make him peculiarly attractive to clever people **A Miscellany of Men** G. Excerpt from *A Miscellany of Men* There is something creepy in the flat Eastern Counties a brush of the white feather There is a stillness which is rather of the mind than of the bodily senses Rapid changes and sudden revelations of scenery even when they are soundless have something in them analogous to a movement of music to a crash or a cry Mountain hamlets spring out on us with a shout like mountain brigands Comfortable valleys accept us with open arms and warm words like comfortable innkeepers But travelling in the great level lands has a curiously still and lonely quality lonely even when there are plenty of people on the road and in the market place About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Chesterton,2021-04-11 There is no kind of comparison possible between a quarrel of man and woman however right the woman may be and the other quarrels of slave and master of rich and poor or of patriot and invader with which the Suffragists deluge us every day The difference is as plain as noon these other alien groups never came into contact until they came into collision Races and ranks began with battle even if they afterwards melted into amity But the very first fact about the sexes is that they like each other They seek each other and awful as are the sins and sorrows that often come of their mating it was not such things that made them meet It is utterly astounding to note the way in which modern writers and talkers miss this plain wide and overwhelming fact one would suppose woman a victim and nothing else By this account ideal emancipated woman has age after age been knocked silly with a stone axe But really there is no fact to show that ideal emancipated woman was ever knocked silly except the fact that she is silly And that might have arisen in so many other ways Real responsible woman has never been silly and any one wishing to knock her would be wise like the streetboys to 5knock and run away It is ultimately idiotic to compare this prehistoric participation with any royalties or rebellions Genuine royalties wish to crush rebellions Genuine rebels wish to destroy kings The sexes cannot wish to abolish each other and if we allow them any sort of permanent opposition it will sink into something as base as a party system As marriage therefore is rooted in an aboriginal unity of instincts you cannot compare it even in its quarrels with any of the mere collisions of separate institutions You could compare it with the emancipation of negroes from planters if it were true that a white man in early youth always dreamed of the abstract beauty of a black man You could compare it with the revolt of tenants against a landlord if it were true that young landlords wrote sonnets to invisible tenants You could compare it to the fighting policy of the Fenians if it were true that every normal Irishman wanted an Englishman to come and live with him But as we know there are no instincts in any of these directions these analogies are not only false but false on the cardinal fact I do not speak of the comparative comfort or merit of these different things I say they are different It may be that love turned to hate is terribly common in sexual matters it may be that hate turned to love is not uncommon in the rivalries of race or class But any philosophy about the sexes that begins with anything but the mutual attraction of the sexes begins with a fallacy and all its historical comparisons are as irrelevant and impertinent as puns A Miscellany of Men - Scholar's Choice Edition G.k.
