these important formative years parents want to make sure their kids maintain the values they worked hard to instill however Parent have to be diplomatic about how they go implementing their ideas here The reason is obvious and cannot be overemphasized teenagers at this stage naturally resist and argue in an attempt to assert their forming beliefs In reality when parents don t manage this phase properly the bumpy interaction between parents and teenagers often creates a time of confusion in the family However in this book I will be exposing concrete tips that are guaranteed to help you in the challenge of parenting your teen s and have peaceful family with little or no rancor Now is the time for you to get this expanded edition of the book that is loaded with all the parenting tips to help parents perform their God given roles in a way they will be happy with the result in years to come in the life of their teens today [How Do I Parent My Teen?](#) Stanley Kutcher,2015-03-03
