Nun, Witch, Playmate Herbert Richardson, 1974 *Nun, Witch, Playmate* Herbert W. Richardson, 1974 **Bachelors and Bunnies** Carrie Pitzulo, 2011-05 Offering a surprising new take on a twentieth century icon Bachelors and Bunnies goes beyond the smoking jacket and the centerfold to uncover an unlikely ally for the feminist cause *Women Living Zen* Paula Kane Robinson Arai, 1999-08-26 Although many Buddhists have made concessions to contradictory religious and social expectations during the twentieth century these Zen nuns spent much of the century advancing their traditional monastic values by fighting for and winning reforms of the sect's misogynist regulations **BOOK JACKET** **A Wild Constraint** Jenny Taylor, 2008-12-11 In *A Wild Constraint* The Case for Chastity Taylor addresses the provocative subject of celibacy Too often considered an exclusively religious option celibacy has been reclaimed by some feminists and sociologists over the last 20 years as a radical alternative in secular society to the liberal sexual lifestyle What after all is sexual liberation when so often the outcome is pain and social chaos In the context of promiscuity sexual abuse and confusion celibacy can herald a different sexual freedom Jenny Taylor draws on personal experience and interviews with men and women of all ages to demonstrate the impact of the sexual revolution and to make a case for celibacy She argues that celibacy is a viable alternative that deserves to be taken seriously and challenges the church to speak out for sexual abstinence with confidence and certainty

Studies in Formative Spirituality, 1985 **Health Care Ethics** Benedict M. Ashley, Kevin D. O'Rourke, 1982 Modern medicine has unprecedented power to heal human beings of physical and mental disease to keep them health and even to improve the human race This power can be used to humanize life or to dehumanize and destroy it It can be used justly to benefit all or it can be used to benefit the few at the expense of the many How to use such power is a question of values and therefore of individual and group decisions which are not merely technical but ethical Two reasons have induced us to add to the already extensive literature on medical ethical and bioethical topics First too much of this literature focuses on a few controversial but sometimes minor topics while neglecting the broader and major issues affecting human health and the health care professions Second we want to assist Christian and especially Catholic health care professionals and health care facilities faced with the difficult and often puzzling responsibility of giving witness to a long tradition of humanistic health care while working with other professionals and government agencies committed to diverse value systems from Introduction

Religion and Sexism Rosemary Radford Ruether, 1998-07-09 These essays attempt to fill a growing need for a more exact idea of the role of religion specifically in the Judaeo Christian tradition in shaping the traditional cultural images that have degraded and suppressed women This book provides in the compass of a single work a glimpse of the history of the relationship of patriarchal religion to feminine imagery and to the actual psychic and social self images of women

This second collection includes material which has not previously been published and the sections reflect the great variety of contexts in which political theology is now appearing: political theology, Pentecostal conscience, feminist perspectives on theology, the politics of mission, spirituality in politics, Asian theology, ecology and community. The selections are from the works of well-known writers including J. B. Metz, Rosemary Ruether, and J. M.
