**Scientific American**, 1894     Paradox Jim Al-Khalili, 2012-10-23 A fun and fascinating look at great scientific paradoxes Throughout history scientists have come up with theories and ideas that just don't seem to make sense These we call paradoxes The paradoxes Al Khalili offers are drawn chiefly from physics and astronomy and represent those that have stumped some of the finest minds For example how can a cat be both dead and alive at the same time Why will Achilles never beat a tortoise in a race no matter how fast he runs And how can a person be ten years older than his twin With elegant explanations that bring the reader inside the mind of those who've developed them Al Khalili helps us to see that in fact paradoxes can be solved if seen from the right angle Just as surely as Al Khalili narrates the enduring fascination of these classic paradoxes he reveals their underlying logic In doing so he brings to life a select group of the most exciting concepts in human knowledge Paradox is mind expanding fun     **Marvels of invention and scientific puzzles** Marvels, 1888     *The New Science Review* J. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
