Cyberpunk s first lyrical poem mixing Kabbalah manga pop culture trivia and Zen with enough style and dexterity to actually pull it off McDonald does more in a page than most writers do in a chapter Neal Stephenson Words can control you words can make you act against your own will and words can kill Ethan Ring discovers computer graphics with profound effects on human minds fracters Dark political forces want his power and Ethan must face the consequences of his creation and his actions In search of redemption he embarks on an ancient thousand mile pilgrimage but can he ever escape the forces that once controlled him and can he resist the power of the deadly images tattooed onto his hands This ebook edition also includes the 2008 novella **Juxtaposition** The Tear Piers Anthony,2012-02-14 In this brilliantly satisfying conclusion to the epic adventure begun in *Split Infinity* and continued in *Blue Adept* Piers Anthony again proves himself a consummate master of both science fiction and fantasy Stile had problems two whole worlds of problems in fact On Proton a world of future science his murder was averted only by the help of a lovely robot who sent him through an invisible curtain to Phaze an alternate world ruled by magic There he found he was the double of the sorcerer the Blue Adept who had been mysteriously murdered And the assassin was after Stile To survive Stile had to master magic fight a dragon win the friendship of a lady unicorn locate his enemy among the paranoid Adepts and return out of Phaze to win the Great Games on Proton After that he was ready to face the real problems The infallible Oracle was suddenly involved in the conspiracy against him The two worlds were out of balance and heading for disaster Stile was somehow supposed to take over the job of saving them or go down to total destruction with all he loved he had to act and act quickly with no idea of what he was supposed to do The Warlock Heretical Christopher Stasheff,2015-11-07 THOU SHALT NOT SUFFER A WITCH OR WARLOCK TO LIVE Beyond science and sorcery time and space the enemies of peace once again come to the planet Gramarye Their mission to tempt the clergy with visions of power and lead them to war against the throne and establish a theocracy Only warlock Rod Gallowglass can stop it or burn at the stake for trying *Correspondences* Tim Ingold,2020-09-22 We inhabit a world of more than humans For life to flourish we must listen to the calls this world makes on us and respond with care sensitivity and judgement That is what it means to correspond to join our lives with those of the beings matters and elements with whom and with which we dwell upon the earth In this book anthropologist Tim Ingold corresponds with landscapes and forests oceans and skies monuments and artworks To each he brings the same spontaneity of thought and observation the same intimacy and lightness of touch but also the same affection longing and care that in the days when we used to write letters by hand we would bring to our correspondences with one another The result is a profound yet accessible inquiry into ways of attending to the world around us into the relation between art and life and into the craft of writing itself At a time of environmental crisis when words so often seem to fail us Ingold points to how the practice of
