During the brief window between the two World Wars, the Rev. Prof. Hermann Beckh led research at The Christian Community Seminary in Stuttgart. In those precious years, he published on music, the gospels, and the ancient Mysteries. By 1930, in his *Contributions to the Priests Newsletter*, he had produced the most far-reaching account of the cosmic order ever written. The typescript of this great work was destined to gather dust in the Berlin Archiv, however, until it was discovered in recent years. Published here for the first time, it is the crowning masterpiece to Beckh's *Collected Works*. The translated and annotated text is accompanied by Rudolf Frieling's in-depth application of Beckh's principles of the cosmic starry order to the Creed of The Christian Community and by a number of appreciations and relevant book reviews. Through ever-deepening meditation, guided by Rudolf Steiner and his vast knowledge of Tibetan, Sanskrit, Pali, and Avestan sacred texts, scarcely to be equalled in Europe at the time Beckh came to the first-hand realization that human and cosmic life was ordered. He perceived directly that this cosmic order was good as originating from the World Will, true as from World Thinking, and beautiful as from World
